A Global Business Case Challenge

[#WhatsYourBoldIdea](#)

With Go Green in the City, you're one step closer to making a real change in the world!

You'll be working with bold people from Schneider Electric to face real-life challenges of energy management and automation of the future.

Ten finalist teams from around the world will get a sponsored trip to the grand finale in the USA. You could win the once-in-a-lifetime opportunity to get a career at Schneider Electric and visit our offices around the world!
