**CATHAY**

SIGN UP FOR
# CATHAY HACKATHON 2023

## Calling all young technology & aviation enthusiasts

Cathay is looking for young technology and aviation enthusiasts to design inventions that would shape the future of travel-lifestyle experience.

## Leading up to our big event

Before the Hackathon, you will have the chance to participate in a number of engaging events, including:

- Delving deeper into the world of the travel industry, premium lifestyle and cargo services

- Discovering state-of-the-art technologies and intelligent solutions: generative AI, machine learning and beyond

- Engaging with our tech and aviation experts for inspiration and expanding your professional network

- Exploring opportunities to pave the way for distinctive career in the aviation and tech industries

## Apply now and let's move beyond together

Don't miss the opportunity to win round-trip flights, Asia Miles and launch your career in the travel and lifestyle sector.

Event Date:  18th –19th November 2023

Applications are open from now to **1st October 2023**. You can apply via this link or click the "Apply now" button. Visit our official website for more details or contact us for any questions.
