## 4. Course Description

Course Description	This course provides an introductory survey to the fundamentals and general principles of the law as it interacts with individuals, business, and other institutions in society. During the course, students will learn about different foundational areas of law that are key to being an informed business person and more broadly, a contributing member of society. The course also seeks to equip students with a deeper understanding of the processes by which laws are made, including both formal and informal, and the influence that laws have on different stakeholders in society. Furthermore, this course assists students with understanding and analyzing current events through a legal lens.

### 14. Course Policy

#### Academic Honesty and Integrity

You are expected to do your own work whenever you are supposed to. Incident(s) of academic dishonesty will NOT be tolerated. Cheating or plagiarism of any kind may result in an automatic F grade for the course plus strict enforcement of all Faculty and/or University regulations regarding such behavior. The University Regulations on academic dishonesty will be strictly enforced!

Please check the University Statement on plagiarism on the web: <http://www.hku.hk/plagiarism/>.

Academic dishonesty is a behavior in which a deliberately fraudulent misrepresentation is employed in an attempt to gain undeserved intellectual credit, either for oneself or for another. It includes, but is not necessarily limited to, the following types of cases:

- a. **Plagiarism** - The representation of someone else's ideas as if they are your own. Where the arguments, data, designs, etc., of someone else are being used in a paper, report, oral presentation, or similar academic project, this fact must be made explicitly clear by citing the appropriate references. The references must fully indicate the extent to which any parts of the project are not one's own work. Paraphrasing of someone else's ideas is still using someone else's ideas, and must be acknowledged.
- b. **Unauthorized Collaboration on Out-of-Class Projects** - The representation of work as solely one's own when in fact it is the result of a joint effort.
- c. **Cheating on In-Class Exams** - The covert gathering of information from other students, the use of unauthorized notes, unauthorized aids, etc.
- d. **Unauthorized Advance Access to Assessment Materials** - The representation of materials prepared at leisure, as a result of unauthorized advance access (however obtained), as if it were prepared under the rigors of the exam setting. This misrepresentation is dishonest in itself even if there are not compounding factors, such as unauthorized uses of books or notes.
