Office: 39171033  
Subclasses: 2C

4. Course Description

Course Description: Big data has fundamentally reshaped business, industry, and society. In this course, you will learn how to use data and analytics to give an edge to your career and your life. We will examine real world examples of how analytics have been used to significantly improve business decisions. Through these examples, you will learn the following analytics methods: decision trees, linear regression, logistic regression, clustering, and text analytics. We will be using the statistical software R to build models and work with data.

5. Course Objectives

1. Obtain solid understanding about common analytics methods in business situations
2. Formulate the right business problem and identify suitable analytics methods
3. Carry out the analysis using software tools
4. Present analysis results in business relevant language

6. Faculty Learning Goals
### 6. Faculty Learning Goals

<table>
<thead>
<tr>
<th>Goal</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Acquisition and internalization of knowledge of the programme discipline</td>
</tr>
<tr>
<td>2</td>
<td>Application and integration of knowledge</td>
</tr>
<tr>
<td>3</td>
<td>Inculcating professionalism</td>
</tr>
<tr>
<td>4</td>
<td>Developing global outlook</td>
</tr>
<tr>
<td>5</td>
<td>Mastering communication skills</td>
</tr>
<tr>
<td>6</td>
<td>Cultivating leadership</td>
</tr>
</tbody>
</table>

### 7. Course Learning Outcomes

<table>
<thead>
<tr>
<th>Course Teaching and Learning Activities</th>
<th>Aligned Faculty Learning Goals</th>
</tr>

### Assessment Rubrics

A1. Participation
## Assessment Rubrics

### A+, A, A-
- High participation in discussions
- Always attend in-class discussions
- Demonstrate a strong understanding of all relevant knowledge
- Handling questions professionally
- Present arguments that have an element of originality
- Respect others and follow the class rules (no chatting and do not use cell phone)

### B+, B, B-
- Good participation in discussions
- Often attend in-class discussions
- Demonstrate a good understanding of all relevant knowledge
- Handling questions in a logical way
- Present arguments that go beyond the lecture and textbook
- Respect others and follow the class rules (no chatting and do not use cell phone)

### C+, C, C-
- Some participation in discussions
- Sometimes attend in-class discussions
- Demonstrate a basic understanding of the concepts involved
- Fairly address questions as set
- Present arguments in a well-structure manner
- Respect others and follow the class rules (no chatting and do not use cell phone)

### D+, D
- Minimal or no participation in discussions
- Rarely attend in-class discussions
- Demonstrate a minimum understanding of the concepts involved
- Barely address questions as set
- Present arguments in a marginally acceptable manner
- Respect others and follow the class rules (no chatting and do not use cell phone)

### F
- Minimal or no participation in discussions
- Almost never attend in-class discussions
- Demonstrate a poor understanding of the concepts involved
- Unable or unwilling to handle questions
- Present arguments poorly
- Behave poorly in class (often chatting with others, using cell phones, or being late)

### A2. Written assignments

#### A+, A, A-
- Demonstrate a strong understanding of all relevant knowledge
- Present arguments that have an element of originality
- Achieve a standard of excellent performance in the assessments with very accurate computation and very good analytical and problem solving skills

#### B+, B, B-
- Demonstrate a good understanding of all relevant knowledge
- Present arguments that go beyond the lecture and textbook
- Achieve a standard of good performance in the assessments with accurate computation and good analytical and problem solving skills

#### C+, C, C-
- Demonstrate a basic understanding of the concepts involved
- Present arguments in a well-structure manner
- Meet a standard of acceptable performance in the assessments with reasonably accurate computation and acceptable analytical and problem solving skills

#### D+, D
- Demonstrate a minimum understanding of the concepts involved
- Present arguments in a marginally acceptable manner
- Meet a standard of marginally acceptable performance in the assessments with some errors in computation and barely adequate analytical and problem solving skills

#### F
- Demonstrate a poor understanding of the concepts involved
- Present arguments poorly
- Fail to meet a standard of passing the assessments with major errors in computation and inadequate analytical and problem solving skills

### A3. Group project/Midterm
## Assessment Rubrics

<table>
<thead>
<tr>
<th>Grade</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+,A,A-</td>
<td>Delivers a persuasive, engaging and impactful presentation, and provides well-reasoned answers to address all questions raised</td>
</tr>
<tr>
<td>B+,B,B-</td>
<td>Delivers an engaging presentation and provides well-reasoned answers to address all questions raised</td>
</tr>
<tr>
<td>C+,C,C-</td>
<td>Delivers an adequate presentation and provides answers to address questions raised</td>
</tr>
<tr>
<td>D+,D</td>
<td>Weak presentation and non-persuasive answers to questions raised</td>
</tr>
<tr>
<td>F</td>
<td>Failure to present appropriately and/or provide adequate answers to questions raised</td>
</tr>
</tbody>
</table>

### A4. Final Exam

<table>
<thead>
<tr>
<th>Grade</th>
<th>Description</th>
</tr>
</thead>
</table>
| A+,A,A- | • Demonstrate a strong understanding of all relevant knowledge  
• Present arguments that have an element of originality  
• Achieve a standard of excellent performance in the assessments with very accurate computation and very good analytical and problem solving skills |
| B+,B,B- | • Demonstrate a good understanding of all relevant knowledge  
• Present arguments that go beyond the lecture and textbook  
• Achieve a standard of good performance in the assessments with accurate computation and good analytical and problem solving skills |
| C+,C,C- | • Demonstrate a basic understanding of the concepts involved  
• Present arguments in a well-structured manner  
• Meet a standard of acceptable performance in the assessments with reasonably accurate computation and acceptable analytical and problem solving skills |
| D+,D | • Demonstrate a minimum understanding of the concepts involved  
• Present arguments in a marginally acceptable manner  
• Meet a standard of marginally acceptable performance in the assessments with some errors in computation and barely adequate analytical and problem solving skills |
| F | • Demonstrate a poor understanding of the concepts involved  
• Present arguments poorly  
• Fail to meet a standard of passing the assessments with major errors in computation and inadequate analytical and problem solving skills |

## 10. Course Grade Descriptors

<table>

• Meet a standard of acceptable performance in the exams with reasonably accurate computation and acceptable analytical and problem solving skills  
• Acceptable performance in assignments |
10. Course Grade Descriptors

**D+,** **D**
- Demonstrate a minimum understanding of the concepts involved
- Barely address questions as set
- Minimal or no participation in discussions
- Present arguments in a marginally acceptable manner
- Meet a standard of marginally acceptable performance in the exams with some errors in computation and barely adequate analytical and problem solving skills
- Marginally acceptable performance in assignments

**F**
- Demonstrate a poor understanding of the concepts involved
- Unable or unwilling to handle questions
- Minimal or no participation in discussions
- Present arguments poorly
- Fail to meet a standard of passing the exams with major errors in computation and inadequate analytical and problem solving skills
- Poorly performance in assignments

11. Course Content and Tentative Teaching Schedule

## 12. Required/Recommended Readings & Online Materials

<table>
<thead>
<tr>
<th>Reading</th>
</tr>
</thead>
</table>

## 13. Means / Processes for Student feedback on Course

- Conducting mid-term survey in additional to SETL around the end of the semester
- Online response via Moodle site
- Email communication

## 14. Course Policy

1. Academic dishonesty includes cheating, plagiarism, unauthorized collaboration, falsifying academic records, and any act designed to avoid participating honestly in the learning process. Academic dishonesty also includes, but is not limited to, providing false or misleading information to receive a postponement or an extension on an exam or other assignment.

2. An orderly learning environment is extremely important for this course. Disruptive behaviors are inconsiderate to other students as well as to the instructor, and are absolutely unacceptable. Talking during lectures, arriving to class late, and any other disruptions of mobile devices are not allowed; students who are responsible for any of these actions will be subject to academic penalty and will be asked to leave the classroom.
14. Course Policy

15. Additional Course Information

1. Lecture notes and self-learning materials will be uploaded on Moodle.
2. No late assignment submission will be accepted.
3. The instructor reserves all the rights to make necessary changes to the syllabus. If so, the changes will be announced as soon as possible.
