SYLLABUS FOR THE DEGREE OF BACHELOR OF BUSINESS ADMINISTRATION [BBA]

This syllabus applies to candidates admitted to the first year of study of the 4-year curriculum in the academic year 2023-24 and thereafter.

- 1. Candidates must enroll and attempt examination in not fewer than 240 credits of courses in accordance with the regulations and the syllabuses.
- 2. Major

At the end of the first year, candidates shall declare their major. During their year two, three, and four of studies, candidates are required to complete one of the following majors: (1) Entrepreneurship, Design and Innovation (EDI)[#], (2) Finance, (3) Human Resource Management (HRM), (4) Information Systems and Analytics (ISA), or (5) Marketing, unless otherwise permitted by the Board of the Faculty. The list of courses required for each major is set out below.

- 3. To fulfill the graduation requirement of this degree as specified by the Board of the Faculty of Business and Economics in accordance with UG 5 of the Regulations for First Degree Curricula, candidates must satisfactorily complete the credits of courses identified by an asterisk (*). Those courses include the following areas of study: English language enhancement (12 credits), Chinese language enhancement (6 credits) and Common Core courses (36 credits), and successful completion of a capstone experience and any other non-credit bearing courses as required by the University.
- 4. The Common Core courses are categorized under four Areas of Inquiry (AoI): "Science, Technology, and Big Data", "Arts and Humanities", "Global Issues", and "China: Culture, State and Society". Candidates must complete a total of 36 credits, comprising at least one and not more than two courses from each Area of Inquiry with not more than 24 credits of courses being selected within one academic year except where candidates are required to make up for failed credits.
- 5. The following courses are designated as Faculty Core courses: ACCT1101, ECON1210, FINA1310 and a statistics course, as prescribed in the syllabus. Candidates are not required to re-take Faculty Core courses where any of these courses form part of the requirements of a second major offered by the Faculty of Business and Economics, however, candidates must complete an equivalent number of credits of free electives in lieu of the Faculty Core courses.
- 6. The courses listed in the syllabus will not necessarily be offered every year; from time to time, depending on the exigencies of staffing, additional courses may be offered. The Faculty of Business and Economics will only offer electives for which sufficient student demand has been expressed in any one year.
- 7. For courses offered by the Faculty of Business and Economics, the final examination is typically 2 hours in length. Final grading is normally determined by performance in the final examination (30-50%) and coursework assessment (50-70%), except for courses with a final project/final paper which are assessed by 100% coursework.
- 8. Candidates should take note of any impermissible combinations of majors/minors listed in the document "Major/Minor Programmes offered by FBE" for the year concerned.
- 9. Candidates are not permitted to enroll in courses where significant portions of the course contents overlap with each other, or where the courses are mutually exclusive.
- * Candidates must undergo a selection process arranged by the Programme Director.
