COURSE LOAD

Exchange students are expected to study full-time, 30 credits/semester (usually 4 courses of 7,5 credits each). Note that full-time studies is a condition for getting a residence permit from the Swedish Migration Agency.

Lund University has no formal add and drop period at the beginning of the semester, which means that there are limited chances to change courses upon arrival. Therefore, it is important that your choice of courses, including alternatives, is accurately selected, and approved for accreditation by your home university.

COURSES FOR EXCHANGE STUDENTS

700 courses suitable for exchange students are offered across a wide range of subjects.

- Find courses in English per Faculty: <u>www.lunduniversity.lu.se/find-exchange-courses</u>
- Special Area Studies (SAS) in English:
 Exchange students can apply for 'Special Area Study' (SAS) courses in subjects such as Swedish culture and society, European studies, regional courses and global issues of contemporary interest. These courses do not usually require previous studies in the subject as an admission requirement. This gives exchange students the opportunity to gain new knowledge in subjects that may be outside of the student's normal degree programme.
- Swedish Language Courses for exchange students (SVE): www.lunduniversity.lu.se/exchange-swedish (not available for Danish and Norwegian students).
 Swedish Language Courses can be counted within or in addition to a full-time study load.
- Introductory Swedish Course (SUSA) for exchange students during the Orientation Weeks: www.lunduniversity.lu.se/exchange-swedish

STUDYING IN SWEDISH

Students with a background in Scandinavian studies or who have studied in a Nordic school system may be able to apply for courses with Swedish as the language of instruction.
