About the University of Amsterdam and UvA Economics and Business

The **University of Amsterdam (UvA)** is ambitious, creative and committed: a leader in international science and a partner in innovation. The UvA is a top-100 university globally and one of Europe's 15 best universities. The UvA has close links with the city of Amsterdam; the four UvA campuses form an integral part of the city.

Amsterdam provides an ideal environment for academic studies. As the capital city, with a population over 900,000 inhabitants, Amsterdam is the financial, creative and cultural heart of the Netherlands. It is also home to numerous (international) companies, institutions and museums. The city boasts beautiful architecture and more than 150 canals, lending Amsterdam its unique and charming historical ambiance. The people of Amsterdam are easy-going and welcoming to foreigners and English is the city's second language.

In an international academic community, at **UvA Economics and Business (EB)** we bridge science and society. All our activities are linked to our academic strengths and the core values: Responsible, Critical, Analytical, Engaged and International. We are the proud bearer of the Triple Crown Accreditation, being AMBA, EQUIS and AACSB accredited.

About the Exchange Experience

International Character of the UvA and Amsterdam

Our strong international orientation is reflected in the curricula of our programmes and in the organisational culture. At the UvA, over 100 nationalities are represented among students and staff. Amsterdam is considered one of the most multicultural cities in the world, with at least 177 nationalities represented.

Roeterseiland Campus

The Roeterseiland Campus is an open city campus, situated in a beautiful part of the city centre adjacent to the Plantage district. Besides UvA Economics and Business, the Faculty of Social and Behavioral Sciences, and the Amsterdam Law School are also located on this modern and vibrant campus. The Dutch Way of Education

Our teaching style is interactive and student-centred providing students with the attention and the freedom they need in order to develop their own opinions and creativity. All about the [Dutch way of education](#).

Student Life in Amsterdam

Besides the city of Amsterdam itself, **UvA student life** has a lot to offer, such as study associations, an international student network, sports facilities, and creative workshops.

Programme Introduction and ESN Introduction

The UvA EB programme introduction provides exchange students with a kick start by offering important information about their study program and the opportunity to meet staff members and fellow students. The Erasmus Students Network (ESN) Amsterdam organises a **social introduction programme**. Both aim to help the students make a smooth landing.

Support and Advice

The UvA offers a wide array of **study guidance and counselling services**, for example when students have a disability, chronic condition or dyslexia or are looking for study or career advice.

About our Exchange Programme

Through our exchange programme, students can immerse themselves in our vibrant campus, gain global perspectives, build lifelong connections, access world-class education, and enriching cultural experiences. They are invited to join us to shape their future through international collaboration.
