VISAS

Please check [here](#) to see which visa you will need to study in the UK. The link also contains up to date information and requirements.

Most single semester students stay for less than 6 months and therefore do not require a Tier 4 Visa or proof of English proficiency from the last 2 years. Students who are enrolled on a programme of study which is 6 months or less may apply for a Standard Visitor Visa <https://www.gov.uk/standard-visitor>

Please note, students are responsible for applying for their visas and must ensure that they obtain the necessary visas or entry permits BEFORE they enter the UK. Please contact the relevant consulate/embassy for further details. Visas can take several weeks to process so always confirm the time it may take with the consulate or embassy well in advance of your travel dates. It is a good idea to check the consulate's website first to see what documents are needed to apply for your visa.

ENGLISH LANGUAGE REQUIREMENTS

Students who are nominated should have attained a sufficient standard in English (written and oral) to enable them to understand the teaching material and to be able to effectively communicate with others.

For UG students (incoming for more than 6 months and requiring a Tier 4 visa):

Evidence of English Language Proficiency is required for any students who will require a student visa (Tier 4 visa) to study in the UK. Please see our language entry requirements below:

IELTS (International English Language Testing System): 6.5 overall, with no less than 6 in any individual component

TOEFL (Test of English as a Foreign Language, internet-based): 90 overall, with no less than 20 in any individual component

CAE (Cambridge Certificate in Advanced English): Grade C, please provide your unique and special numbers to be verified online

2022-23 Academic Year

Please note that the test date for the Academic IELTS, iBT TOEFL or PTE Academic qualification must be no more than two years before the start date of your course.

NOTE: For students who are not nationals of a [majority English speaking country](#) or Canada and who want to improve their language proficiency, the University Language Centre runs a variety of British Council accredited programmes, and on-going support for overseas students is also available throughout the academic year: www.languagecentre.manchester.ac.uk/

For UG students (incoming for less than 6 months):

If you are not a UK or Irish citizen, you should obtain a Standard Visitor visa. This category of visa does not require evidence of English language. Please be aware that this category of visa cannot be extended and does not permit any type of work (paid or unpaid) in the UK. If you intend to work in the UK, you must tell us so that we can assess your suitability for a student visa. You must check whether your nationality requires the visa to be obtained before travel or whether it is automatically granted based on your nationality on arrival: <https://www.gov.uk/standard-visitor/visit-to-study>

ACCOMMODATION, HEALTH & OTHER EXPENSES

ACCOMMODATION

The University Accommodation Office is able to allocate accommodation to students studying at AMBS only from halls featured in the Student Accommodation booklet

<http://www.accommodation.manchester.ac.uk/ouraccommodation/>.

Students can apply online for accommodation only after an acceptance letter from Alliance Manchester Business School has been issued with their ID number. **It is essential that once an online accommodation application has been submitted that you check emails on a regular basis as an offer is only held for a very short period of time.**

Students will not be able to choose a specific hall or the type of accommodation but can indicate a preference between a self-catered or a catered hall. Students should bear in mind that the cost could vary from between £60 - £100 per week. The first semester contract terminates at the end of January and the full cost for the semester will need to be paid even if a student is permitted to finish at AMBS in December. The second semester contract terminates in mid-June.

If you wish to apply for university accommodation, you should do this as soon as possible. Your application must be submitted online directly to the University of Manchester Accommodation Office, once you receive your official acceptance letter with your university User ID (details will be provided in your official acceptance letter).

You will be contacted by the Accommodation Office towards the end of July/beginning of August (semester 1 students) or in the beginning of January (if you are coming in semester 2) with information on your accommodation allocation. Please note that the Alliance MBS International Team is unable to intervene in any accommodation issues.

Students may organise their own private accommodation. Manchester Student Homes is a useful point of contact.

HEALTH

Free health treatment is available on the UK's National Health Service (NHS) to all international students studying here for longer than six months, as well as to all students from EU countries. Students studying here for less than six months are advised to take out medical insurance before departure. This could be part of a travel policy that we would also recommend is arranged pre-arrival.

Further information on health care and useful information for all international students can be found at <http://www.manchester.ac.uk/international/supportservices/arrival/>.
