OPTIONAL WRITING COURSES FOR INTERNATIONAL STUDENTS

EXP 102 Expository Writing I: Critical Thinking and Writing
EXP 202 Expository Writing II: Advanced Inquiry in Writing

FULL-TIME WORKLOAD

A full-time workload is 12 credits per semester. Most courses are three credits each. The suggested workload per semester, typical of most Bentley students, is five courses at three credits each. Exchange students are required to take a minimum of four courses per semester; a maximum of six courses is allowed.

COST OF PROGRAM

Full tuition waivers are granted for non-degree exchange students from partner universities. Students are required to pay fees for personal and living expenses, listed below.

HEALTH INSURANCE

All exchange students are required to purchase the Bentley University student health insurance. Students receive information about their health insurance electronically in advance of their arrival, and are automatically enrolled in the program so that it is in effect when they arrive on campus.

J-1 VISA DOCUMENTS

Upon acceptance, Bentley University issues a DS-2019 form for all exchange students, which is used to apply for a visa at the U.S. embassy in the student’s home country.

ACCOMMODATION

On-campus accommodations are guaranteed for all nominated exchange students. The Residential Center will do its best to place exchange students in the

accommodations of their choice. Most exchange students are placed in shared rooms; single-occupancy rooms are rarely available. Off-campus housing is an option, but Bentley does not provide assistance in finding off-campus housing; we recommend students live on campus to maximize engagement with local students. Bentley is approximately 12 miles from the city of Boston. We provide regular, free shuttle bus service (a 30-minute ride) to Harvard Square in Cambridge; the city of Boston lies just over the river from Cambridge and is easily accessible.

FACILITIES

Exchange students have full access to all resources at Bentley. This includes the library, cafeterias, the Trading Room, the Computer Information Systems (CIS) Sandbox, the LEAF (Learning Lab for Economics, Accounting and Finance) lab, and other specialized facilities.

Bentley also provides a variety of athletic facilities including a pool, weight room, tennis courts and cardiovascular equipment.

COURSE REGISTRATION

Applicants for the fall term register for courses online in late March-early April. Applicants for the spring term register for courses online in late October to early November. Bentley sends detailed registration instructions to students well in advance of the course registration period. Occasionally, students need to change or add courses upon arrival at Bentley. A drop/add period lasts throughout the first week of courses.
