3. Advanced Standing

Advanced standing may be granted to you in recognition of your studies completed successfully before admission to the University in accordance with UG2 of the Regulations for First Degree Curricula. The amount of advanced standing credits to be granted shall be determined by the Board of the Faculty in accordance with the following principles:

- under the provisions in Statute III.5, a minimum of two semesters of study at this University shall be required before you are considered for the award of the degree; and
- the number of credits to be transferred shall not exceed half of the total credits normally required under the degree curricula.

Credits granted for advanced standing shall not normally be included in the calculation of the GPA or taken into consideration of the honours classification of the degree to be awarded. However, if so decided by the Board of the Faculty, these advanced standing credits will be recorded on your transcript.

If advanced standing is granted, please be aware that the credits granted for free electives may have an impact on the optional major or minor (in the case of double-major programme), and that you should not take the course(s), or equivalent course(s), for which you have been granted advanced standing credits.

4. Exemption

You shall seek approval for exemption, with special conditions attached, from any of the requirements in UG5** by the Senate in exceptional circumstances. If exemption is granted, you are required to take an equivalent number of credits of free elective(s) in lieu in order to make up for the exempted credits.

- * *If you have not studied Chinese language during your secondary education or have not attained the requisite level of competence in the Chinese language, you may be exempted from the Chinese language enhancement requirement and should take a free elective in lieu of this course.*
- # *If you have achieved Level 5 or above in English Language in the HKDSE or equivalent, you are exempted from the “Core University English” requirement and CAES1000 is optional. Those who do not take CAES1000 should take a free elective in lieu.*

5. Credit Transfer

Credits taken at the host institution during exchange study can normally be transferred towards your HKU degree. You are required to study the regulations and syllabuses of your degree programme carefully and seek prior approval if you wish to transfer the credits taken abroad. Complete the application form posted on the School website and submit it with the supporting documents to the Faculty Office before the application deadline. The processing time for credit transfer may take about 3-4 weeks. Late and incomplete applications will not be considered.

There is a credit transfer database on the School website which provides the course equivalence information of successful credit transfer applications in the past years. You may take courses that are not covered in this database, but for credit recognition and transfer purposes, it is recommended that you select courses that are similar to those offered in HKU in contents, contact hours and assessment methods. It is advisable that you should not select courses which you have already taken in HKU as credits cannot be transferred.

Please refer to the School website for further details on the application for credit transfer.

6 Graduation Requirements

To be eligible for the award of your degree, you shall have:

- (a) achieved a Graduation GPA of 1.0 or above;
- (b) accumulated a minimum of 240 credits (or 300 credits for the 5-year BBA(Law)&LLB double-degree curriculum) and pass all the compulsory courses required in the syllabuses; and
- (c) satisfied the requirements of UG5 of the Regulations for First Degree Curricula. Please refer to the “Regulations for First Degree Curricula” at [Annex I](#) (page 53).

7. Grades and Grade Points

The grades, their standards and the grade points are as follows:

Grade		Standard	Grade Point
A+	}	Excellent	4.3
A			4.0
A-			3.7
B+	}	Good	3.3
B			3.0
B-			2.7
C+	}	Satisfactory	2.3
C			2.0
C-			1.7
D+	}	Pass	1.3
D			1.0
F		Fail	0

8. Calculation of Grade Point Averages (GPA)

(a) Semester GPA (SGPA)

“Semester Grade Point Average” or “Semester GPA” is the GPA in respect of courses attempted by a candidate (including failed courses) during a given semester, where each course is given a weight, normally equal to its credit-unit value. It is calculated according to the following formula:

$$\text{SGPA} = \frac{\sum_i C_i \times G_i}{\sum_i C_i}$$

Where C_i = number of credits taken for course i ,

G_i = grade point obtained for course i ,

\sum_i = summation of all courses i taken for the semester, **including** failed courses.

(b) Year GPA (YGPA)

“Year Grade Point Average” or “Year GPA” is the GPA in respect of courses attempted by a candidate (including failed courses) during a given academic year, where each course is given a weight, normally equal to its credit-unit value. It is calculated according to the following formula:

$$\text{YGPA} = \frac{\sum_i C_i \times G_i}{\sum_i C_i}$$

Where C_i = number of credits taken for course i ,

G_i = grade point obtained for course i ,

\sum_i = summation of all courses i taken for the academic year, **including** failed courses.

(c) Cumulative GPA (CGPA)

“Cumulative Grade Point Average” or “Cumulative GPA” is the GPA in respect of courses attempted by a candidate (including failed courses) at the time of calculation, where each course is given a weight, normally equal to its credit-unit value. It is calculated according to the following formula:

$$\text{CGPA} = \frac{\sum_i C_i \times G_i}{\sum_i C_i}$$

Where C_i = number of credits taken for course i ,
 G_i = grade point obtained for course i ,
 \sum_i = summation of all courses i taken up to that stage, **including** failed courses.

(d) Graduation GPA (GGPA)

“Graduation Grade Point Average” or “Graduation GPA” is the GPA in respect of courses attempted by a candidate (including failed courses) at the point of graduation. It is calculated according to the following formula:

$$\text{GGPA} = \frac{\sum_i C_i \times G_i}{\sum_i C_i}$$

Where C_i = number of credits taken for course i ,
 G_i = grade point obtained for course i ,
 \sum_i = summation of all courses i taken at the point of graduation, including failed courses.

subject to the proviso that for undergraduate students in the 2017-18 intake and thereafter who have successfully completed six Common Core courses, either five Common Core courses with the highest grades (covering all four Areas of Inquiry), or all six courses will be counted towards GGPA, depending on which generates the higher GGPA.

9. Honours Classification

Upon the completion of all graduation requirements, you shall be awarded the degree in one of the five classes of honours:

First Class Honours
 Second Class Honours Division One
 Second Class Honours Division Two
 Third Class Honours
 Pass

The classification of honours shall be determined by the Faculty's Board of Examiners for First Degrees in accordance with the following Graduation GPA (GGPA) scores, with all courses taken (including failed courses) carrying weightings which are proportionate to their credit values*:

<u>Class of Honours</u>	<u>GGPA Range</u>
First Class Honours	3.60 – 4.30
Second Class Honours	(2.40 – 3.59)
Division One	3.00 – 3.59
Division Two	2.40 – 2.99
Third Class Honours	1.70 – 2.39
Pass	1.00 – 1.69

Honours classification may not be determined solely on the basis of a candidate's Graduation GPA and the Board of Examiners for the degree may, at its absolute discretion and with justification, award a higher class of honours to a candidate deemed to have demonstrated meritorious academic achievement but whose Graduation GPA falls below the range stipulated in UG9(a) of the higher classification by not more than 0.1 Grade Point.

Failure in any courses (either graded or non-graded) may have an impact on students' honours classification at the time of graduation.

** For students in the 2017-18 intake and thereafter who have successfully completed six Common Core courses, the calculation of Graduation GPA is subject to the proviso that either five Common Core courses with the highest grades (covering all four Areas of Inquiry), or all six courses will be counted towards Graduation GPA, depending on which generates the higher Graduation GPA.*

10. Dean's Honours List

You will be recommended to be placed on the Dean's Honours List if you meet the following criteria:

- (a) having achieved a Year GPA of 3.60, including regular and summer semester assessment results but excluding results obtained during exchange studies;
- (b) not having any failed courses during the year, inclusive of non-graded courses (i.e. courses with grading of pass or fail only) and courses taken during exchange studies;
- (c) having studied in HKU for at least one regular semester during the year*; and
- (d) having completed successfully at least 24 credits in each regular semester.

**If students are on a semester leave relating to exchange, they will be considered eligible for recommendation onto the Dean's Honours List, subject to the fulfilment of requirements and final approval of the Board of Examiners. Students on exchange for an entire year are not eligible for the Dean's Honours List.*

B. REGISTRATION

1. Period of Study

Each single-degree curriculum normally requires eight semesters of full-time study, spreading over four academic years. You are required to complete your curriculum within a maximum of six academic years, unless otherwise required or permitted by the Board of the Faculty. The duration of leave granted for undertaking military service will be excluded in the calculation of the maximum period of study. For the period of study of double-degree curricula, please refer to the respective degree regulations for details.

2. Concurrent Registration

Concurrent registration by a student of this University for another post-secondary qualification either at this University or at another institution is not permitted, unless approval of the Senate has been obtained in advance.

Application with justifications and relevant documentation should be submitted to the Faculty Office for processing.

3. Composition Fees

The composition fees for undergraduate programmes in 2023-2024 are listed below:

	Local Students	Non-local Students
Full-time UG programmes *	HK\$42,100	HK\$182,000

** Composition fees are payable by two equal instalments.*

Debit note and payment instructions will be sent to your HKU email. You may also check your financial status in the Student Information System (SIS) under the Student Financials section.

A student who has not paid his/her fees within 30 days after the due date shall be de-registered and shall be prohibited from using University facilities and services. To re-instate his/her student status, a student will have to pay the outstanding fees, and a surcharge of 10% of the outstanding fees, or \$500, whichever is the lesser. The student may additionally be required to compensate the University for any loss of interest for any late payment or non-payment of fees.

Students have difficulty in settling the payment on time should contact the Centre of Development and Resource for Students (CEDARS) BEFORE the due date for assistance and advice.

4. Electronic Communication

All students are given a computer account, identified uniquely by an HKU Portal UID (User Identification) and an associated PIN (Personal Identification Number), for accessing a wide range of network services and applications conveniently, and communicating with their fellow students, Faculty Office and other members of the University.

The University and the Faculty Office will from time to time disseminate important information and post notices to students on the HKU Portal and communicate with students using the @connect.hku.hk account. You are therefore reminded to visit the HKU Portal and check your @connect.hku.hk email account regularly. When corresponding with the Faculty Office by email or letter, it is important to include your full name, curriculum and University number for our information.

5. Attendance and Absence

You should attend lectures and such laboratory classes, tutorials, seminars and fieldwork, as prescribed for your curriculum.

You are required to apply for leave of absence under the following circumstances:

(a) Medical reasons

If you cannot attend classes for three to seven days because of illness, you shall inform the Faculty Office in writing at the earliest opportunity. Medical certificate(s) and/or other supporting documents should be provided for your absence from classes. When longer absence is necessary, you shall submit an application for leave of absence to the Faculty Office together with a certificate signed by a registered medical practitioner.

(b) Non-medical reasons, such as

- participation in an exchange study programme; or
- participation in a student competition, local or abroad; or
- participation in a student conference, local or abroad; or
- participation in an internship, local or abroad; or
- personal reasons

If you cannot attend classes for more than two consecutive days due to non-medical reasons, you shall also apply in writing to the Faculty Office at the earliest opportunity, stating the reasons for taking the leave of absence with supporting documentation. If you are planning to take leave of absence for one entire semester or longer, you shall also apply to the Faculty Office together with supporting documents (e.g. medical certificates, contract of a full-time internship, confirmation of conference, etc.) BEFORE the end of the add/drop period of the semester concerned for approval.

When you resume your studies, you must inform the Faculty Office in writing and provide supporting documentation where necessary.

**For the arrangement of absence from final examinations, please refer to [page 22](#).*

6. Programme Transfer

Only non-final year students are eligible to apply for transfer between programmes. Information and application for programme transfer is available in around April of each academic year, subject to change. You may apply for transfer to a programme offered by the School or another Faculty of the University.

Please follow the application procedures made available on the School website in around April of each academic year to submit an application. For programmes offered by other faculties, please consult with the relevant Faculty Office or the Academic Support and Examinations Section of the Registry.

For students who have been granted approval for their intra-Faculty programme transfer applications, they are not normally allowed to switch to their original or other programmes again within the School during their entire period of study.

7. Voluntary Withdrawal of Studies

If you wish to withdraw voluntarily from your studies, you must inform the Faculty Office by completing and submitting the Withdrawal of Study Form (http://www.ase.hku.hk/doc/withdrawal_1.pdf).

Withdrawal after the commencement of the academic year will result in a “NC” remark on the transcript for the registered courses (i.e. NC = did not complete).

8. Leaving

All students are required to leave the University as long as they have fulfilled all the compulsory requirements for graduation either within or beyond the normative period of study. For students who have completed all the graduation requirements before the normative period of study and wish to continue their study with a justifiable reason, they have to seek approval from the Faculty Office on the condition that the total number of credits taken does not exceed the maximum curriculum study load for the normative period of study.

Requests from students who have completed graduation requirements for continuing their study **after** the normative period of study will **not** be considered.

¹ BBA students are required to take one of the five majors, namely (i) Entrepreneurship, Design and Innovation, (ii) Finance, (iii) Human Resource Management, (iv) Information Systems and Analytics, or (v) Marketing.

² BBA(Law)&LLB students are required to take Professional Core in Accounting or one of the five majors in the BBA programme (i.e. (i) Entrepreneurship, Design and Innovation, (ii) Finance, (iii) Human Resource Management, (iv) Information Systems and Analytics, or (v) Marketing) as the first Major and Professional Core in Law offered by the Faculty of Law as the second Major.

³ Students who opt out to pursue the single degree of BBA(Law) are required to take Major in Legal Studies offered by the Faculty of Law as the second Major.

⁴ Candidates must undergo a selection process arranged by the respective Programme Directors.

- There is a wide array of majors offered by the School to both students of the School and other Faculties.
- Students are allowed to declare a combination of cross-Faculties majors or minors, and the maximum number of credits that can be taken for the entire degree programme is **288** credits (except for double-degree curricula).
- The number of credits required for a Major is 72-96 credits.
- The number of credits required for a Minor is 36-48 credits.

3. Notes to HKU Business School Students

(a) Declaration of major/minors

Candidates may first declare major(s) and minor(s) during the preliminary course selection period in August before the start of the second year of study. Candidates must finalize their declarations during the add/drop period in the first semester of their final year of study. No further changes will be accepted afterwards.

(b) Faculty Core Courses

The following four courses are designated as Faculty Core Courses (FCC): *ACCT1101 Introduction to Financial Accounting*, *ECON1210 Introductory Microeconomics*, *FINA1310 Corporate Finance*, and a statistics course as prescribed in degree syllabuses.

Candidates are not required to re-take FCC where these courses form part of the requirements of the second major offered by the School. Candidates will be required to take an equivalent number of credits of free electives in lieu of these courses. Such double-counting arrangement does not apply to major-minor combination.

Should the FCC constitute the requirements of minor programmes offered by the School, candidates will be required to take an equivalent number of credits of the advanced-level disciplinary electives under the minor in lieu of the overlapped FCC.

(c) Double-counting courses

Courses shall not be double-counted in the major or minor programmes offered by the School, except for the FCC under a major-major combination as listed under *Note 3(b)* above. Where a course applies to more than one major or minor programme, an advanced-level disciplinary elective under the second major/minor must be taken in lieu of the overlapped course (refer to *Note 5*).

Candidates who pursue second major/minor offered by the other Faculties should consult the offering Faculty for its double-counting policy.

(d) Majors and minors of the same discipline are impermissible combinations.**4. Notes to Non-HKU Business School Students****(a) Requirements of majors/minors for non-HKU Business School students**

There is no CGPA requirement for non-HKU Business School students to declare a major/minor offered by the School. However, students who wish to declare an optional major in EDI, AMPB or QFin are required to undergo a selection process.

(b) Courses cannot be double-counted, except for the Faculty Core Courses under the major-major combination (refer to *Notes 3 and 5*).**5. Double Counting of Courses**

- (a) When a course serves as a core course/disciplinary elective in a major/minor programme, and at the same time serve as a core course/disciplinary elective in another major/minor programme, this constitutes double-counting.
- (b) Only the four FCC are allowed to be double-counted under the major-major combination, in which both of the majors are offered by the School. You are required to take an equivalent number of credits of free electives in lieu of the overlapped FCC as listed under *Note 3(b)* above.
- (c) In the event that the FCC is a core course of the second major offered by another Faculty, or that the FCC is mutually exclusive with the core course of the second major offered by another Faculty, students should use the FCC to fulfil the graduation requirements for the first major. They are also required to seek advice and pre-approval from the offering Faculty on course replacement details for the second major.

	Course	Major	Second Major/Minor	Note
<i>Example 1</i>	<i>ECON1210 Introductory Microeconomics</i>	<i>A Faculty Core Course for Major in Economics</i>	<i>A Faculty Core course for Major in Finance</i>	<i>Double counting is allowed. Students are required to take an equivalent number of credits of free electives in lieu.</i>

	Course	Major	Second Major/Minor	Note
<i>Example 2</i>	<i>STAT2601 Probability and Statistics I</i>	<i>A Faculty Core Course for Major in Economics</i>	<i>A core course for Major in Risk Management</i>	<i>Students should use STAT2601 to fulfil the graduation requirement for the Major in Economics. Students are required to seek advice and pre- approval from the offering Faculty on course replacement details for the Major in Risk Management.</i>
<i>Example 3</i>	<i>STAT1603 Introductory Statistics (Mutually exclusive with STAT2601 Probability and Statistics I)</i>	<i>STAT1603 – A Faculty Core Course for Major in Finance</i>	<i>STAT2601 – An introductory core course for Major in Risk Management</i>	<i>Students should use STAT1603 to fulfil the graduation requirement for the Major in Finance. Students should seek advice and pre-approval from the offering Faculty on course replacement details for the Major in Risk Management.</i>

- (d) For any course, other than the four FCC, that constitutes a compulsory requirement for both of the majors, double-counting is not allowed. The overlapped course should be counted towards the first major. Students are required to take an advanced-level disciplinary elective under the second major in lieu of the overlapped course.
- (e) For any course that is a core course for the first/second major but a disciplinary elective for the first/second major, double-counting is not allowed. Students should choose another disciplinary elective under the first/second major.

D. COURSE SELECTION

1. Regulations, Syllabuses and Course Descriptions

You should select courses in accordance with the rules and guidelines as specified in the Degree Regulations and Syllabuses before the beginning of each semester.

The Regulations, Syllabuses and Course Descriptions can be downloaded from the School website. Please browse the relevant one according to your intake year on the School website:

<https://ug.hkubs.hku.hk/> > Programmes & Courses > Degree Programmes

2. Teaching Weeks

There are three semesters in an academic year, which are the first, second and (optional) summer semesters.

The first semester runs from September to December; the second semester from January to May; and the (optional) summer semester from June to late August.

For further details, please refer to the “Teaching Weeks for 2023-2024” at [Annex II](#) (page 59).

3. Credit Load

(a) Credits Limits

- You should enrol in not less than 240 credits of courses;
- You should normally enrol in at least 60 credits in an academic year;
- You should normally take not fewer than 24 nor more than 30 credits of courses in any one regular semester (except for the summer semester)
- You may, of your own volition and subject to approval by the Board of the Faculty, take further credits during the regular or summer semesters, accumulating up to a maximum of 72 credits in one academic year; and
- You should normally complete not more than 12 credits of courses in each (optional) summer semester.

(b) Credit Overload/Underload

- If you wish to enrol in courses which are below or above the credit limit for any semester and/or academic year, you shall seek prior approval from the relevant Programme Director and Chairman of the Board of the Faculty by submitting an application form (document BE84/713 amended) to the Faculty Office. Please note that justifications or supporting documents are required to facilitate consideration of your application. Please refer to [Annex V](#) (page 62).
- For final-year students, you are allowed to take less than the minimum credit load as you only need to take the remaining required credits in your final semester to fulfil your graduation requirements.

(c) Important Notes

- You are required to enrol in not less than 60 credits in each academic year. Over-enrolling in any year does not entitle you to under-enrol in the subsequent year except where the year in question is the final year of studies.
- Where a major or a minor is an optional part of your curriculum, you will not be permitted to extend the period of study to only fulfil such requirements if you have already satisfied all the graduation requirements.
- If you pursue an optional major or minor, you are allowed to take additional credits which may exceed 240 credits or more, up to a maximum of 288 credits for the entire programme (or 300 credits or more, up to a maximum of 360 credits for the 5-year BBA(Law)&LLB double-degree curriculum).

4. Types of Courses

(a) Introductory Level Courses vs Advanced Level Courses

- Courses listed under “Introductory Level / Year One” section of the “FBE Course Descriptions” are counted as Introductory level courses.
- All Common Core courses, Chinese language enhancement course and English language enhancement courses are counted as Introductory / Year One Level courses.
- Courses listed under “Year Two and above electives / Advanced Level” section of the “FBE Course Descriptions” are counted as Advanced Level courses (Please note that “CAES9920 Academic Communication for Business and Economics” taken in Year Two is counted as Introductory / Year One Level course).
- If you cannot find a course under “Introductory Level / Year One” section or “Year Two and above electives / Advanced Level” section, please check with the offering department directly.

(b) Pre-requisites

- Pre-requisite is a course or a group of courses which you must have taken and completed successfully; or a requirement which you must have fulfilled before being permitted to take the course in question.
- If you wish to take a course without fulfilling its pre-requisite requirement(s), you have to seek prior approval from the relevant Area T&L Coordinator and Programme Director to waive the pre-requisite requirement(s) or to allow you to co-take with the pre-requisite course(s). You should submit an application form (document BE87/713 amended) to the Faculty Office and state your justifications in the application. Supporting documents (if any) are also required. Please refer to [Annex V](#) (page 62).

(c) Co-requisites

- Co-requisite is a course which you must take in conjunction with the course in question.

(d) Common Core Courses

- Common Core Curriculum (CCC) consists of four Areas of Inquiry (Aols):
 - (i) Science, Technology, and Big Data (course code: CCSTxxxx)
 - (ii) Arts and Humanities (course code: CCHUxxxx)
 - (iii) Global Issues (course code: CCGLxxxx)
 - (iv) China: Culture, State and Society (course code: CCCHxxxx)
- Under a standard 4-year curriculum, you should successfully complete 36 credits, comprising at least one and not more than two courses from each Area of Inquiry with not more than 24 credits of courses being selected within one academic year except where candidates are required to make up for the failed credits.

Students of the double-degree programme are required to complete successfully 24 credits of Common Core courses, one course from each Area of Inquiry.

- For more information about the Common Core Curriculum and its enrolment details, please go to the URL:
<https://commoncore.hku.hk>
- Common Core courses cannot be taken to fulfil the free elective requirements.

(e) Faculty Core Courses (FCC)

- Faculty Core Courses are courses that should be taken by students in all programmes offered by the School. The four Faculty Core Courses are:
 - (i) ACCT1101 Introduction to Financial Accounting;
 - (ii) ECON1210 Introductory Microeconomics;
 - (iii) FINA1310 Corporate Finance; and
 - (iv) A statistics course as prescribed in syllabuses

(f) Free Electives

- Free electives are courses open to students of any degree curricula (excluding Common Core Courses and Chinese Language Enhancement Programme (CLEP) courses).

(g) Summer Courses

- You are normally **not** allowed to take summer course(s) in your final year of study.
- Summer courses offered by the School may vary from year to year. Please refer to the email announcement(s) of summer courses sent out by the Faculty Office in April/May of each academic year.
- For the availability of summer courses offered by other Faculties, please check with the offering departments/schools/faculties.

5. Timetable and Venue

Please check the time and venue of courses offered by the School at the School's undergraduate website. Please pay attention to the class restrictions, remarks and class venue (the full name of the buildings is stated at the bottom of the file).

6. Time Clashes

You will **not** be approved to take a course if there is a time clash with another course or tutorial class.

7. Order of Study

Only free elective(s) are permitted for deferment to the next year of study, under the condition that it is within the prescribed study load range and that all pre-requisites are met.

If you wish to change the order of study of any core course(s), Common Core course(s) or specific requirements listed in the degree syllabuses, you have to seek prior approval from the relevant Programme Director by submitting an application form (document BE85/713 amended) to the Faculty Office. Please note that justifications and/or supporting documents should be submitted with your application. Please refer to [Annex V](#) (page 62).

8. Course Enrolment Period

You can enrol in courses for the coming academic year through the Student Information System during the course selection period in August. The specific course selection period may vary from year to year, so please pay special attention to email announcements made by the Registry and the Faculty Office.

Please refer to "Important Dates for the Academic Year 2023-2024" at [Annex III](#) (page 60).

For courses offered by other Faculties, please check with the offering departments/schools/faculties directly.

9. Add/Drop Period

You should make changes to the selection of courses through the Student Information System (SIS) during the add/drop period designated for each semester.

*You are **not** allowed to make any further changes to the selection of courses after the add/drop period unless there are strong justifications for making subsequent changes. For any requests of changes, you shall seek prior approval from the relevant Programme Director by submitting an application form (available upon request) to the Faculty Office in a timely manner. Please note that justifications and supporting documents are required to facilitate consideration of your application. All late changes, if approved, shall be handled manually by the Faculty Office.*

10. Student Information System (SIS)

(a) Submission of Course Enrolment

The courses successfully saved into the “Temporary Course List” in SIS are not finalized yet. You should make sure the courses in the “Temporary Course List” are submitted for approval within the course selection period or add/drop period.

(b) Email Notification

You will receive an email notification generated by SIS for any amendments on course selection. You will be notified again when the courses are subsequently approved or disapproved.

(c) Approval Status

The status of the courses you selected will be shown under the Student Centre in SIS. It is your responsibility to check and make sure your enrolment is correct.

(d) Program Guides

You are responsible for ensuring the completion of all requirements in accordance with the Regulations and Syllabuses of your programme for your intake year. You have to check carefully all your programme requirements, majors/minors requirements, and outstanding credits under the Program Guides in SIS under the Academic Advisement section set up for each programme in different academic years. The Faculty Office shall not be responsible for any delay in your graduation.

(e) Helpdesk

Please refer to SIS website at the following link for reference materials on course enrolment: http://intraweb.hku.hk/reserved_1/sis_student/index.html. If you encounter any technical problems in course selection, please contact the ITS Service Desk:

Phone: 3917-0123

Email: ithelp@hku.hk

11. Pre-registration of Core Courses

To ensure that you are enrolled in the core courses required by your respective programme in the first year of study, the Faculty Office will pre-register the core courses as shown in the table below.

Curriculum	Pre-registered Core Courses	
BBA BBA(Acc&Fin) BBA(ADA) BBA(BA) BBA(Law)&LLB BSc(MAT)	FCC	ACCT1101 Introduction to Financial Accounting ECON1210 Introductory Microeconomics ECON1280 Analysis of Economic Data [#] / IIMT1640 Probability and Statistics for Business [#]

E. ASSESSMENT AND GRADING SYSTEM

1. Assessment

Examinations are normally held in December for first semester courses, and in May for second semester and full-year courses. Assessment may be conducted in any one or any combination of the following manners: written examination or tests, continuous assessment of performance, laboratory work, fieldwork, presentations, research or project reports. The ratio between the different components is determined by individual teachers.

2. Examination Timetables

First Semester Examination: Available in November

Second Semester Examination: Available in April

Available from the Examinations Office website: <http://www.exam.hku.hk/>

3. Arrangements During Bad Weather Conditions

Under the situations as listed below:

- (i) Tropical Cyclone Warning Signal No. 8 (or above) is hoisted; or
- (ii) Tropical Cyclone Warning Signal No. 8 will be issued within two hours as announced by the Hong Kong Observatory;
- (iii) "Extreme conditions" after super typhoons are in force (announced by the Government before the Hong Kong Observatory replaces Tropical Cyclone Warning Signal No. 8 with Tropical Cyclone Warning Signal No. 3); or
- (iv) Black Rainstorm Signal is in force,

the following arrangements will apply:

Face-to-face classes and in-person examinations

(a) For classes and examinations not yet started

If any of the warnings or announcements is hoisted or in force <i>at or after 6:00 am</i>	All classes and examinations commencing <i>before 2:00 pm</i> will be cancelled automatically.
If any of the warnings or announcements is hoisted or in force <i>at or after 11:00 am</i>	All classes and examinations commencing at any time <i>from 2:00 pm and before 6:00 pm</i> will be cancelled automatically.
If any of the warnings or announcements is hoisted or in force <i>at or after 3:00 pm</i>	All classes and examinations commencing <i>from 6:00 pm onward</i> will be cancelled automatically.

(b) For classes and examinations already started

When Tropical Cyclone Warning Signal No. 8 or above is hoisted or the No. 8 Signal will be issued within two hours as announced by the Hong Kong Observatory, or “extreme conditions” are in force	<ul style="list-style-type: none"> • All classes and outdoor examinations will be suspended immediately. • All examinations, except those held outdoor, will continue until the end of that examination session.
When Black Rainstorm Signal is hoisted	<ul style="list-style-type: none"> • All classes and examinations, except those held outdoors, will continue. • For outdoor classes and examinations, the responsible staff members on the spot should suspend the activities immediately, ensure that all students are taken to a safe place, and remain there until it is safe for them to return home.

Online classes and online examinations

Unless otherwise advised by the course coordinator* through the course syllabus and/or HKU Moodle, all online classes and online examinations will continue as scheduled under all weather conditions (including situations (i) to (iv) listed above).

**Approval for exceptional cases is to be sought from the Dean or his/her delegate.*

4. Announcement of Assessment Results

The assessment results are to be announced through the Student Information System (SIS):

First Semester: January
 Second Semester: June
 Summer Semester: September

5. Failure in a Course

If you have failed a course, you are required to make up for the failed course in one of the following manners at the discretion by the Board of Examiners:

- undergoing re-assessment/re-examination in the failed course to be held no later than the end of the following semester (not including the summer semester); or
- re-submitting failed coursework, without having to repeat the same course of instruction; or
- repeating the failed course by undergoing instruction and satisfying the assessments; or
- for an elective course, taking another course in lieu and satisfying the assessment requirements.

6. Absence from Examination

If for any reason you have been unable to attend for any paper in an examination you must, within seven calendar days of the examination concerned, write to the Examinations Secretary at the Registry giving reasons with supporting document(s) for your absence. The Examinations Office will then forward your case to the relevant Faculty for consideration.

If you are unable, because of illness to be present at any examinations of a course, or if you believe that your state of health either immediately before or during the examination has significantly affected your performance, you may apply for permission to present yourself for a supplementary examination to be held not later than the first semester of the following academic year by submitting a prescribed "Form of Medical Certificate". You should consult a doctor on the same day of the examination concerned, and also complete Part I of the Form and give it to your doctor for completion of Part II of the Form. The completed Form, together with the original of the sick leave certificate issued by the attending doctor, should be submitted to the Examinations Office (Room 239B, 2/F, Main Building, The University of Hong Kong, Pokfulam) and must reach it within seven calendar days of the examination concerned. Late or incomplete submission will not be accepted. Copies of the form are available from the Examinations Office, the Faculty Office, or downloadable at <http://www.exam.hku.hk/pdf/133-1221amd.pdf>.

A student who *has attended* an examination and submitted a medical certificate in support of a claim to being unwell *during* the examination will not normally be granted a supplementary examination, unless there is evidence that his/her performance in the examination was significantly and detrimentally affected by illness. In the rare instance when a student who, after having sat an examination, claims that he/she fell ill *during* the examination so seriously or to such an extent that his/her examination time was disrupted or reduced, and his/her performance in the examination was significantly and detrimentally affected, the Board of Examiners shall be invited, with the recommendation of the Chief Examiner and the advice of the University Health Service (as appropriate), to consider granting a supplementary examination to the student. Any supplementary examination shall be part of that academic year's examinations, and the provisions made in the regulations for failure at the first attempt shall apply accordingly.

Students who are absent from an examination without any grounds will result in automatic failure in the examination component of the course concerned. For those who are absent from the supplementary examination, with or without grounds, further rescheduling of the supplementary examination will not normally be granted and the students will deem to have failed the examination component of the course concerned, unless otherwise determined by the Board of Examiners.

7. Appeal against Assessment Results

In accordance with General Regulation G9(h), there shall be no appeal against the results of examinations and all other forms of assessment. However, should you have sufficient reasons to believe that there is any procedural irregularity or technical error in the determination of the final course grade or the result of any assessment component of a course (e.g., an error in the recording, collating or aggregation of grades/marks which contribute to the final result), you may request for checking of the assessment results.

Such checking is not and does not entail academic re-assessment of the materials or coursework presented by you. In other words, appeal against the academic judgment of the examiners will *not* be entertained.

Students should pay the application fee of HK\$200 in advance for each assessment result to be checked. The payment will be refunded if there is indeed a procedural or technical error found and the assessment result is revised as a consequence.

The procedures for assessment result checking application are included in this Student Handbook as well as posted on the Examinations Office website. Further notice will be announced by the Faculty Office by email after the release of assessment results.

8. Warning Letter

When your performance in coursework, tutorials or class tests is unsatisfactory (such as continuous absence from lectures or tutorials, missing numbers of assignments) or obtaining Semester GPA of 1.0 or below, you will receive a written warning from the Faculty Office and you should take immediate steps to redress the unsatisfactory situation.

If you encounter any problems in readdressing your situation, you should approach the relevant teacher(s), your academic adviser, Academic Advising Office (AAO), CEDARS and/or the Faculty Office for advice and assistance.

9. Discontinuation

You shall be recommended for discontinuation under the provisions of General Regulation G12 and UG4(e) of the Regulation for First Degree Curricula if you have:

- (a) failed to complete successfully 36 credits or more in two consecutive semesters (not including the summer semester), except where you are not required to take such a number of credits in the two given semesters; or
- (b) failed to achieve an average Semester GPA of 1.0 or higher for the two consecutive semesters (not including the summer semester); or
- (c) exceeded the maximum period of registration specified in the regulations of the degree.

You shall also be recommended for discontinuation if you have failed to pass a particular course or to fulfil a particular requirement for three times or above.

F. ENRICHMENT PROGRAMMES

1. HKU Worldwide Undergraduate Exchange Programme & HKU Business School Student Exchange Programme

The HKU Business School encourages our students to initiate and act upon ideas – both within the campus and beyond to the community outside. HKU Worldwide Undergraduate Exchange Programme and HKU Business School Student Exchange Programme are offered to undergraduate students who are interested in spending either one semester or one year to study abroad. Students with outstanding academic performance would also be awarded scholarship to support their exchange study at the partner institutions. Details of exchange study are available in the links:

- HKU Worldwide Undergraduate Exchange Programme: <https://intlaffairs.hku.hk/hku-worldwide-student-exchange>
- HKU Business School Student Exchange Programme: <https://ug.hkubs.hku.hk/outgoing-exchange>

BBA(Law)&LLB students are also allowed to apply for Law Exchange Programme. For details, please visit the Faculty of Law website: <https://www.law.hku.hk/current-students/outgoing-exchange-programme-introduction/>

Administrative procedures will differ according to the exchange programme participated. In general, upon your acceptance of exchange offer, you must submit the Assumption of Risk and Release Form (document BE12/813 amended) to the Faculty Office. You will be notified of the exchange scholarship details via email. Before you depart for your exchange study, you must also apply for leave of absence and credit transfer by submitting the relevant application forms to the Faculty Office. Please refer to [Annex V](#) (page 62).

Visiting study: If you are planning to study abroad as visiting students, you should apply for leave of absence and are required to seek **PRIOR** approval if you wish to transfer the credits taken abroad by submitting the relevant application form to the Faculty Office.

2. Mainland Learning Experience

The rapid economic development in Mainland China has been fascinating the world. To this end, the School encourages students to participate in various credit-bearing Mainland study tours during reading weeks or semester breaks for a deeper understanding on its economy and business market. Students can apply for the study tours since their first-year of study. You will be notified of the opportunities via email.

3. Internship Programmes

Students are encouraged to take part in internship programmes so as to gain working experience in different business-related areas. Please visit the School website and job portal for details of the internship programmes. For Year 1 students, you may consider starting with on-campus student helper roles, Mainland internship or Government sponsored internship programmes to brush up your basic skills in navigating the workplace. It also enriches your CV for your next application, so it is never too early to consider gaining internship experience.

Internship programmes will take place either during summer/winter break or during regular semesters. **Internship programmes during regular semesters:** If you are planning to undertake an internship which takes place during regular semesters, you should apply for leave of absence by submitting an application (document BE86/713 re-amended) with the relevant documents to the Faculty Office. For any leave of absence applications, submission must be done **BEFORE** the end of the add/drop period of the semester concerned. Please refer to [Annex V](#) (page 62).

There are certain things you need to pay attention if you are a non-local student or the remuneration is less than the minimum wage. Please refer to the FAQ, School website and job portal for details.

4. Enrichment Programmes and Career Development in Collaboration with Corporate Partners

The School has been collaborating with the corporate partners to nurture students' business and market acumen. Meanwhile, leveraging the School's extensive network, students are able to join the HKU Business School Mentorship Programme through which guidance and career advices can be obtained from the industry practitioners. Students will be notified of the opportunities via email.

The Career Development and Training Team also offers different kinds of career support including career workshops (CV writing, cover letter, interview skills, business etiquette, networking, etc.) as well as recruitment talks, industry sharing and company visits to help students equip themselves for their career development. Additionally, you can access our job portal for information and updates on full-time job openings, internship opportunities and events offered by the corporate partners.

5. Experiential Learning Programmes

Experiential learning is an important cornerstone in education as advocated by the University. The School is making every endeavour to develop various kind of experiential learning programmes for students' participation. The following credit-bearing courses allow students to gain hands-on experience of working with business clients in solving "real-life" problems relating to their studies:

- BUSI1806 Israeli Entrepreneurial Experience
- BUSI1807 Business Consulting Practicum (BCP)
- BUSI2812 Impact Lab
- BUSI2816 Transformative Business Immersion in Developing Economies (TBI)
- IIMT2628 Innovation and Entrepreneurship Internship

These courses are optional and subject to selection and/or approval. If you drop out of these courses without genuine justification and approval from the course coordinators, you will be awarded a grade of "Fail" (F).

If you have been awarded a grade of "F" in any of these credit-bearing experiential learning courses, you:

- (i) shall be deemed to fail the course;
- (ii) shall not be eligible for the Dean's Honours List in that academic year; and
- (iii) may have any impact on your honours classification at the time of graduation.

6. Scholarships and Prizes

Details of scholarships tenable for all Faculties, across specific Faculties and HKU Business School are available at the Academic Advising and Scholarships Office website: <https://aas.hku.hk/scholarship-opportunities/> which specifies each scholarship's details including donor background, scholarship amount and scholarship requirements.

7. HKU Business School – Future Leader Scholarship Programme

With the generous support and donation from our long-standing corporate partners and community leaders, the School established the Future Leader Scholarship Programme in 2021 with the aims to recognize the academic achievements of local undergraduate students and to encourage them to participate in various kinds of out-of-classroom learning activities (e.g. study tours, service trips, professional examinations, internships, etc.) so that their competitiveness in the fast-changing business landscape can be enhanced. Under the Scholarship Programme, up to 100 scholarships are offered each year in collaboration with our donors and corporate partners, including but not limited to: AKwok Charitable Fund; BOC Group Life Assurance Company Limited; Mr. Michael Chan and family; The Fan Family Charitable Trust; Dr. Patrick Poon; and Raffles Family Office. To be eligible for the Scholarship, students must be full-time local Year 2 or Year 3 undergraduate students in the School with no record of academic misconduct, having completed at least two regular semesters of study at the time of application, and having obtained a minimum CGPA of 3.0 or top 15% ranking in their degree cohort. Each recipient can only receive the Scholarship once throughout his/her undergraduate studies.

8. FBE Student Contribution and Innovation Award

The FBE Student Contribution and Innovation Award (the “Award”) aims to recognise and reward undergraduate students’ contribution and innovation to the Faculty, University and community through their leadership and/or entrepreneurship; and to promote experiential learning through students’ participation in extra-curricular activities, involvement in community service and student leadership. To be eligible for the Award, students must be full-time non-first year undergraduate students in the School who demonstrate outstanding performance in the following domains:

- (a) academic merits;
- (b) leadership/entrepreneurship role and its duties;
- (c) scope and nature of the programme/event/association/project participated;
- (d) impact of the leadership/entrepreneurship role, particularly the extent of its contribution and innovation to the Faculty, University and community; and
- (e) interview performance.

Previous Award recipients will NOT be eligible for application.

9. Competitions

Students can join competitions arranged by different organisations. The purposes of competitions are to strengthen students’ business mind and enhance the team-building skills. Competitions are divided into the following two categories:

- Local competitions
- Overseas competitions

Overseas Competitions: If you are selected to take part in an overseas competition, you should submit the Assumption of Risk and Release Form (document BE12/813 amended) to the Faculty Office. You also need to apply for leave of absence by submitting an application (document BE86/713 re-amended) to the Faculty Office before your departure. Please refer to [Annex V](#) (page 62).

Competition Training: To equip students with necessary skills for participating in competitions of different types and in different locations, HKU International Case Society (HICS) has been established. Students can apply for membership of HICS since their first-year of study. Students may also participate in the HKU Business Case Challenge (HBCC) in which the winning team will have the opportunity to take part in an overseas competition on behalf of the School. You will be notified of the opportunities via email. The School has also offered a credit-bearing course *MGMT2787 Business Case Analysis and Presentation* to provide students with the requisite knowledge, skills and tools to prepare, present and write up business case studies for both academic and business use, and to prepare students for participation in case competitions.

10. Beta Gamma Sigma (BGS)

Beta Gamma Sigma is the international honour society serving business programmes accredited by AACSB International. Membership in BGS is the highest recognition a business student anywhere in the world can receive in a business programme accredited by AACSB International.

Beta Gamma Sigma has inducted more than 900,000 outstanding students into membership since its inception in 1913. These 900,000 members have served in corporate, government, non-profit, educational, and other management positions at every level of responsibility. Members currently reside in all 50 U.S. states and more than 190 countries around the world.

For more information on BGS, please visit: <https://www.betagammasigma.org/home>

Each year the HKU Business School will nominate top students for induction into Beta Gamma Sigma – HKU Chapter. The basis for nomination will be the cumulative GPA. To be eligible for BGS nomination, students must meet the following criteria:

1. the nominee's cumulative GPA was 3.60 or above at the end of Semester 1 in their third year of study, and
2. the nominee had ranked within the top 10% of all eligible nominees in their programme, and
3. the nominee was on the Dean's Honours List in the previous academic year, and
4. the nominee had no record of academic misconduct.

Eligible students will be invited in the second semester of their third year of study to be inducted for the lifelong membership. The induction ceremony for new BGS members will be held in March or April of each academic year.

BGS members are entitled to a wide array of benefits as offered by the BGS Headquarter. They are also given a chance to join the annual BGS Global Leadership Summit in the U.S. where participants can meet and bond with many other fellow students who share similar dreams, core values and goals.

G. ACADEMIC ADVISING

1. What is Academic Advising

Academic advising is a developmental process in which students are provided with support in clarifying their academic, career and life goals, developing plans to achieve these goals, and evaluating their own progress. Academic advising is also a process in which students are empowered to think critically, explore available options, and take personal responsibility for decision-making with the guidance of their teachers and academic advisers.

All first-year undergraduate students will be attached to a Faculty Academic Adviser upon registration. **Students are encouraged to meet with their respective Faculty Academic Adviser once every semester in their first year of study to discuss different academic issues.**

First-year students can select their Faculty Academic Advisers during a specific period. Should students fail to do so by the prescribed deadline, they will be assigned a Faculty Academic Adviser automatically by the system. They can check the updates via SIS through the following procedures:

1. Login to HKU Portal
2. On the left-hand side menu, click "Student Information System", and a new window for SIS will pop up
3. In the new SIS window, click "Self-service" on the left-hand side menu
4. Click "Student Centre" on the menu
5. The name of the assigned Faculty Academic Adviser appears on the right-hand side under the heading "Adviser"

Students may also seek advices from Student Academic Advisers. A full list of Student Academic Advisers and their contact details are available at the School website: <https://ug.hkubs.hku.hk/support-and-development/first-year-experience-and-academic-advising/student-academic-advisers>

2. University Academic Advising System

(a) Structure of HKU Academic Advising System

At HKU, the Academic Advising Committee oversees undergraduate academic advising strategy and initiatives across the University. Advising services are available to students via four channels: Faculty-based academic advising, central academic advising, residence-based academic advising and web-based academic advising. All interact with each other to form a comprehensive University advising network.

(b) Roles of Different Offices

Academic Advising and Scholarships Office

- i. Coordinate institutional and cross-Faculty academic advising work.
- ii. Provide administrative support to the Academic Advising Committee and its quality assurance and enhancement measures.
- iii. Provide academic advising resources and guidelines to Faculties and units involved in academic advising.
- iv. Work closely with Faculties, CEDARS and halls of residence to coordinate adviser training and sharing of best practices.
- v. The Academic Advising and Scholarships Office is located at Room 212, Knowles Building, HKU. (Phone: 3917-0128; Email: ug.advising@hku.hk)

Faculties

- i. Set up a formal Faculty-based academic advising system.
- ii. Provide academic advice to students.
- iii. Recruit, train, and work with student advisers in various advising activities, and to monitor their performances.

CEDARS

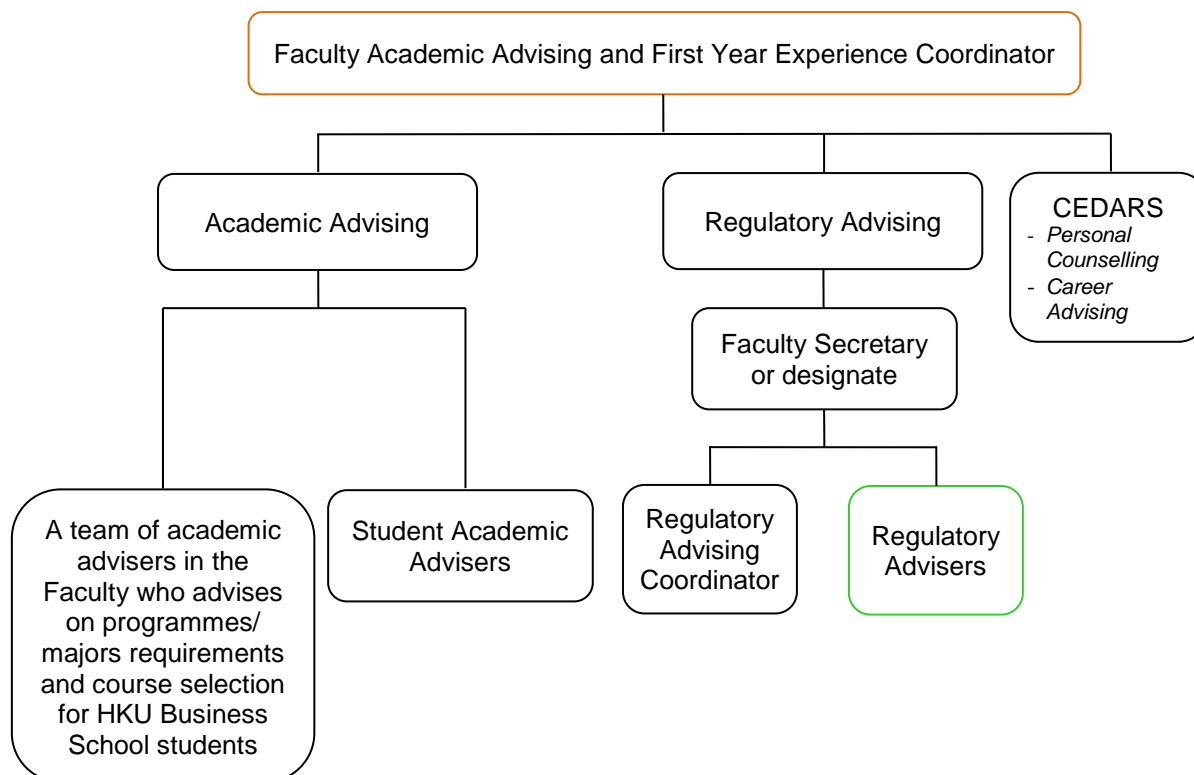

- i. Take proactive actions in facilitating students' transition to learning to HKU.
- ii. Provide enrichment, general education programmes and other support for the entire student body in general.
- iii. Provide career counselling and professional counselling to students with personal needs.
- iv. Work closely with the AAO in providing training to academic/student advisers.
- v. CEDARS is located at 3/F, Meng Wah Complex, Room 301-323 of Main Building (Counselling and Person Enrichment Section), Room 240 of Main Building (General Education Team) HKU.

Halls

- i. Mentor hall residents.
- ii. Provide advice on how to manage competing demands in academic studies and hall life.

3. Faculty-based Academic Advising System

(a) Structure of Faculty-based Academic Advising System

(b) Different Types of Advisers

The academic advising system in the HKU Business School involves the following four types of advisers:

Faculty Academic Advising and First Year Experience Coordinator

Enquiries addressing to the Faculty of Law can be sent to the email: law@hku.hk*

Faculty Student Academic Advisers

- i. Students in their second year of study or above, on the basis of good academic achievements and other attributes such as interpersonal and communication skills and willingness to serve. Selection is determined by the School.
- ii. Work under the supervision of the Faculty Academic Advising Coordinator, with due recognition being given to their contribution.

Details of the Faculty Student Academic Advisers, including their curriculum, areas of advising and contact information, are available at the School website.

4. Target Students

(a) HKU Business School Students

Mainly advised by Faculty Academic Advisers (and teachers when being approached) and administrators of the UG Admissions and Programme Administration Team on regulatory matters.

(b) Non-HKU Business School Students

Advised by “temporary” advisers.

(c) Exchange/Visiting Students

Mainly advised by administrators of the UG Admissions and Programme Administration Team as most issues are related to regulatory and course enrolment matters.

5. Tips on Meeting with Your Adviser

You are attached to an Academic Adviser starting from your first year of studies. The advising process is designed to help you make important decisions related to your academic progress at the University. As a new advisee, you should become familiar with both your adviser and the advising process. Below you will find some guidelines to follow throughout the year to make the advising process a successful part of your University experience:

(a) When to See Your Adviser

- To discuss any problems which are affecting your academic performance.
- To discuss your academic progress.
- To discuss major or minor options.
- To make a study plan.
- To discuss career considerations.

(b) How to Arrange the Meeting

- Become familiar with your adviser's office hours/schedule.
- Call or send an email to make an appointment instead of dropping by without one, as your adviser might be handling inquiries of students in his/her course.
- Try to avoid the busiest time of day and allow plenty of time in case you have to wait to see your adviser.
- Usually the first and last few weeks of each semester are the busiest time for advisers, please try to schedule during the middle of the semester if possible.

(c) What You Should Do When Meet with Your Adviser

- You should make and keep appointments. Be punctual.
- You should come with specific questions in mind, do your “homework” and be prepared beforehand.
- You should come with necessary materials (pencil/pen, class schedule, process form, etc.)
- You should ask about other sources of information.
- You should be open concerning schoolwork, study habits, academic progress, etc.
- You should be wary of time management. Arrange another appointment if your issues cannot be resolved within one session.

(d) How to Get the Best from Your Adviser

- Listen carefully to advice given. You must make certain that you have understood precisely what the adviser has said. Hear your adviser out without interruption. When the adviser has finished, ask questions to emphasize or clarify points that may have been overlooked. At the end of an advising session, restate the conclusion in your own words to make sure that the meaning you gleaned was actually the intended meaning.
- Do not become defensive if the advice appears to be critical of you or the way you do things. This can be a very difficult task. Several “Don’ts” to consider include:
 - (i) Don’t try to find personal fault with the adviser to disqualify him or her as a judge of your situation.
 - (ii) Don’t be flippant about the advice given.
 - (iii) Don’t argue with the adviser.
 - (iv) Don’t try to change the subject to avoid a disagreeable message.
 Don’t be paranoid in the face of criticism. Your adviser probably does not have a hidden agenda.

H. ACADEMIC CONDUCT

1. Code of Academic Conduct

The University is committed to nurturing a positive, supportive, and respectful learning environment to underpin a productive and generative learning culture. As members of the campus community, students have the responsibility to adhere to the Code of Academic Conduct that enables everyone to attain their academic and personal aspiration. Please refer to the “Code of Academic Conduct” at [Annex IV](#) (page 61).

2. Student’s Responsibilities

Academic dishonesty is an assault upon the basic integrity and meaning of a University. Cheating, plagiarism and other forms of academic dishonesty are serious acts that erode the University’s educational role and degrade the value of one’s degree.

All students should support and share responsibility for the academic integrity in the HKU community, as well as their own work. You are expected to:

- (a) refrain from cheating, plagiarism or other forms of academic misconduct;
- (b) not to aid or abet others to commit any form of academic misconduct; and
- (c) report to teacher or the Faculty Office about any incident of academic misconduct observed.

3. Plagiarism

The ordinary meaning of plagiarism is stated by the Oxford English Dictionary as:

“... to take and use as one’s own, the thoughts, writing or inventions of another.”

In terms of how this affects you as a student, plagiarism is defined in the University’s Regulations Governing Conduct at Examinations as:

“... the unacknowledged use, as one’s own, of work of another person, whether or not such work has been published.”

In simple terms, plagiarism is about copying. It does not matter whether the work that has been copied has been published or not. It does not matter how the work was produced. It could include work contained in printed form such as a book, an article or lecture notes, or in electronic form such as a website, or an audio-visual production, to name but a few. It does not matter whether you change a few, or even many, of the words or thoughts expressed by someone else. The important points are that work was copied from someone else and that no acknowledgement was made of this fact.

To help you avoid plagiarism, please consult the University’s website on plagiarism (<https://tl.hku.hk/plagiarism/>) and complete the Online Course on Plagiarism@HKU Online Learning offered by the Libraries (<https://learning.hku.hk/catalog/course/ilt01-information-literacy-training-academic-honesty/>). You can also consult your teachers if you have any questions about what constitutes plagiarism.

4. Cheating

Cheating is defined as obtaining or attempting to obtain, or aiding another to obtain advantage for work, or any improvement in evaluation of performance, by any dishonest or deceptive means. Cheating includes, but is not limited to:

- (a) disseminating or receiving answers, data, or other information by any means other than those expressly permitted by the professor as part of any academic exercise;
- (b) copying answers, data, or other information (or allowing others to do so) during an examination, quiz, laboratory experiment, or any other academic exercise in which the student is not expressly permitted to work jointly with others;
- (c) assuming another individual's identity or allowing another person to do so on one's own behalf for the purpose of fulfilling any academic requirement or in any way enhancing the student's grade or academic standing;
- (d) using any device, implement, or other form of study aid during an examination, quiz, laboratory experiment, or any other academic exercise without the faculty member's permission;
- (e) discussing at any time of answers or questions on an examination or test, unless such discussion is specifically authorized by the instructor;
- (f) sending messages to another student during an examination using technology such as handheld portable internet and messaging device; and
- (g) Tampering with an examination after it has been corrected, then returning it for more credit than deserved.

Plagiarism and cheating are extremely serious intellectual crime and will not be tolerated to any extent in HKU. Any act of plagiarism or cheating is a disciplinary matter that can result in serious consequences, including expulsion from the University.

I. FREQUENTLY ASKED QUESTIONS (FAQ)

1. Registration

Q1: How and when should I apply for leave of absence?

If you cannot attend school for three days or more due to illness or more than two consecutive days due to non-medical reason, you should apply for leave of absence by submitting an application form (document BE86/713 re-amended) to the Faculty Office, stating the exact dates of leave of absence, reasons with supporting document(s), such as medical certificate, employment contract, etc.

If you are planning to take leave of absence for one entire semester or longer, you shall apply to the Faculty Office together with supporting documents (e.g. medical certificates, contract of a full-time internship, confirmation of conference, etc.) BEFORE the end of the add/drop period of the semester concerned for approval.

Q2: How to apply for programme transfer?

For curricula offered by other Faculties, please consult the Academic Support and Examinations Section of the Registry or relevant Faculty Office for application details.

For transfer between programmes offered by the School, please follow the application procedures made available on the School website in around April of each academic year to submit an application.

2. Majors and Minors

Q1: How do I declare a major or minor? Can I change my choice of major or minor later?

You may declare a major or minor in the Student Information System during the preliminary course selection period in August before the start of the second year of study. You have to finalise your major/minor declaration during the add/drop period, i.e. by mid-September, in the first semester of your final year of study. No further changes will be accepted afterwards.

Q2: What is meant by “Double-counting”?

If a course serves as a core course/disciplinary elective in a major/minor programme, and at the same time serves as a core course/disciplinary elective in another major/minor programme, this constitutes double-counting.

Q3: How many majors or minors can I declare?

The number of majors or minors you can declare is subject to the maximum number of credits allowed for a single degree curriculum, i.e., 288 credits for a standard 4-year curriculum. Normally, students will take no more than two majors or two minors.

3. Course Selection

Q1: How and when can I enrol in courses for the coming academic year?

You can enrol in courses for the coming academic year through the Student Information System under the HKU Student Portal during the course selection period in August. The specific course selection period may vary from year to year, so please be aware of the announcement made by the Registry / School.

Q2: Can I make amendments to my course selection after the course enrolment period in August?

Yes, you can modify your course enrolment during the stipulated add/drop period in each semester (usually during the first two weeks of teaching). It is your responsibility to save your course selections and any modifications you have made during the add/drop period.

Q3: Can I further change my course selections after the designated add/drop period?

No, you are not permitted to change your course selections after the designated add/drop period.

Q4: Can I enrol in two courses which have time clash?

No, you are not allowed to take a course if there is time clash with another course or tutorial.

Q5: Can I make enrolment change to the pre-registered core courses (e.g. change subclass or drop the course)?

For the accounting pre-registered core course: You are not allowed to change your enrolment of the pre-registered accounting course *ACCT1101 Introduction to Financial Accounting*. If you have genuine need to do so, please send an application letter with strong justification to the Faculty Office for consideration.

For other pre-registered core courses: You are strongly advised not to change the enrolment of your pre-registered courses. If you have genuine need to do so, you can make such change via the Student Information System during the course enrolment periods. In view of the limited quota, you may not be able to get a place in other subclasses after the change. As the pre-registered core courses normally serve as pre-requisite of courses in advanced level, failure to complete the pre-registered core courses as scheduled may affect your study progress and defer your graduation.

Q6: Can I enrol in an advanced level course without passing its pre-requisite course?

If you wish to take a course without fulfilling its pre-requisite requirement, you have to seek prior approval from the relevant Programme Director to waive the pre-requisite requirement or to allow you to co-take the pre-requisite of the course. You should submit an application form (document BE88/713 amended) to the Faculty Office and state your justifications in the application. Please note that supporting documents (if any) are also required.

Q7: Can I retake a course if I have already passed it?

No, you cannot retake a course in which you have already achieved a passing grade.

Q8: Can I take fewer or more credits in a certain semester or academic year than what I am required?

If you wish to take below or beyond the credit limit for a certain semester or academic year, you shall seek prior approval from the relevant Programme Director by submitting an application form (document BE84/713 amended) to the Faculty Office. Please note that justifications or supporting documents are required for the application.

Exemption is granted to the final year students as they only need to take the required credits in their final semester to fulfil their graduation requirements.

Q9: If I have completed more than 60 credits in the first year of study, does it mean that I can take less than 60 credits in the second year of study as long as I will be able to complete the minimum credits for graduation?

No, you are not automatically allowed to take less than 60 credits in the second year of study even you have taken more than 60 credits in the previous year.

Q10: Can I extend my period of study to fulfil the requirement of an additional major/minor, even if I have already accumulated the required credits and courses for graduation?

All students are required to leave the University as long as they have fulfilled all the compulsory requirements for graduation either within or beyond the normative period of study. Students with outstanding requirements for optional major and/or minor are not allowed to defer their study. For students who have completed the graduation requirements before the normative period of study and wish to continue their study with a justifiable reason, they have to seek approval from the Faculty Office on the condition that students do not exceed the maximum number of credits.

Requests from students who have completed graduation requirements for continuing their study after the normative period of study will not be considered.

Q11: Can I defer the core course(s) or specific requirement(s) listed in the syllabuses to the next year of study?

Only free elective(s) are permitted to be deferred to the next year of study under the conditions that it is within the prescribed study-load range and that all pre-requisites are met.

However, if you wish to defer any of the core course(s) or specific requirement(s) listed in the syllabuses to the next year of study, you have to seek prior approval from the relevant Programme Director and Chairman of the Board of the Faculty of Business and Economics by submitting an application form (document BE85/713 amended) to the Faculty Office. Please note that justifications or supporting documents are required for the application.

Q12: Why was I disapproved for a course offered by HKU Business School (with quota limit) even though I have fulfilled its pre-requisites?

If the number of applicants for the course (with quota limit) exceeds the quota, seats will be allocated by the computer ballot system. Therefore, fulfilling pre-requisites of a certain course does not guarantee that you can successfully enrol in it.

Q13: If I was disapproved to take my desired subclass of a certain course due to class full or time clash, can I enrol into another subclass but “physically” attend my desired class who is teaching by the same teacher?

No, you are required to attend the subclass of a certain course which is the same as the one you are approved to take in the Student Information System.

Q14: How many Common Core courses can I take? Can I take extra Common Core course to fulfil my free elective requirement?

You can only take 36 credits of Common Core courses, comprising at least one and not more than two courses from each Area of Inquiry with not more than 24 credits of courses being selected within one academic year except where candidates are required to make up for the failed credits.

For double-degree and dual degree curricula, please refer to the respective degree regulations for details.

Q15: Am I eligible for exemption from the Core University English course?

If you have achieved Level 5 or above in English Language in the HKDSE or equivalent, you are exempted from the “Core University English” (CUE) requirement and CAES1000 is optional. Those who do not take CAES1000 should take a free elective in lieu. Students who have fulfilled one of the following criteria are regarded as having attained the equivalent of Level 5 or above in HKDSE English Language and are eligible to apply for exemption from the CUE requirement:

- holder of a Bachelor’s degree from an English-medium university
- achieved Grade A or above in English Language **GCE Advanced Level (AL) / Advanced Subsidiary Level (ASL)**
- achieved an overall **IELTS** score of no less than 7 **AND** with all sub-scores no less than 6.5 on the Reading, Speaking, Listening and Writing Tests
- achieved an overall **TOEFL Internet-based test** score of no less than 94 **AND** no less than a 24 on the writing, a 20 on the speaking, a 20 on the listening, AND a 19 on the reading sections
- achieved in **International Baccalaureate (IB)** Grade 4 or above in English A1/ English Language A / English A: Literature / English A: Language and Literature (HL); or Grade 5 or above in English B / English Language B (HL); or Grade 5 or above in English A1 / English Language A / English A: Literature / English A: Language and Literature (SL)
- achieved Grade 4 or above on the **Advanced Placement (AP) English Language / English Language and Composition / English Literature and Composition Test**
- achieved a **NEW Scholastic Aptitude Test (SAT)** score of 35 or above on both the Writing & Language Test and Reading Test (from 2016)

- achieved Grade B or above in H1 General Paper at the **Singapore GCE A-level**
- achieved Grade A or better in English language at **Malaysia SPM examination**
- achieved Grade A2 or better in **Malaysia UEC-Senior English Language**
- attained merit (3 points) or above in each set of credits in **New Zealand NCEA Literacy** (10 credits made up of 5 credits in reading and 5 credits in writing)
- achieved a score of 95% or better in English at **All India Senior School Certificate Examination / Higher School Certificate**
- achieved a final score of 90% or better in English at **Grade 12 Canadian high school curriculum.**
- achieved Grade B or better in English Language at **Sri Lanka Ordinary examination**
- achieved a score of 90 or better in English in the **Russian Unified State Exam** (Единый государственный экзамен, ЕГЭ, Yediniy gosudarstvenniy ekzamen, EGE)
- sat the **Academic Speaking and Writing Test conducted by CAES** and assessed to have achieved an equivalent English standard

Q16: Am I eligible for exemption from the Chinese language enhancement course?

If you have not studied Chinese language during your secondary education or if you have not attained the requisite level of competence in the Chinese language to take the Chinese language enhancement course (i.e. CBBA900x/CBBL9001), you may submit an application form (document BE83/713 re-amended) to the Faculty Office to apply for exemption from the course and to take either:

- a credit-bearing Cantonese or Putonghua language course offered by the School of Chinese; or
- a free elective in lieu.

Q17: What are the definitions of Introductory/Advanced Level courses?

For courses offered by HKU Business School, please refer to the Course Descriptions on the School website. For courses offered by other Faculties, please consult with the offering departments/schools/faculties.

4. Assessment and Grading System

Q1: What is the cut-off line for Honours Classification?

There are five classes of honours classification which shall be determined by the Board of Examiners for the degree in accordance with the following Graduation GPA scores:

<u>Class of Honours</u>	<u>GGPA Range</u>
First Class Honours	3.60 – 4.30
Second Class Honours	(2.40 – 3.59)
Division One	3.00 – 3.59
Division Two	2.40 – 2.99
Third Class Honours	1.70 – 2.39
Pass	1.00 – 1.69

Q2: I am a first-year student in 2023-2024, could you tell me my ranking in the class?

Only final year students will be ranked according to their Graduation GPA calculated at the time of graduation. However, the class ranking is confidential and will not be released to students.

If you are going to apply for postgraduate study and required by the institution to provide ranking information for your application, please submit the application form for your postgraduate study to the Faculty Office, so that we can fill in the required information on the form and return it to you in a confidentially sealed envelope.

On the other hand, if you wish to refer to the academic performance in four main components (where applicable): (i) Professional Core/Major, (ii) Common Core, (iii) English Language and Chinese Language, and (iv) Non-Major (Minors and/or Free Electives), you may consider to apply for Academic Attainment Profile (AAP) towards the end of your undergraduate study. The aim of the AAP is to provide more information on students' achievements during their studies at the University, under the four afore-mentioned components with each carrying its own component GPA.

Q3: Will the teacher re-assess my final examination paper if I lodge in an appeal?

According to the General Regulation G9(h) of the University, appeal against the academic judgment of the examiners will not be entertained. Therefore, teachers will not re-assess your final examination paper, and only procedural or calculation error will be checked if you lodge an appeal.

Q4: How does a credit-bearing non-graded course affect my GPA?

Credit-bearing non-graded courses are assigned either a "Pass" or "Fail" at the completion of the course, which does not affect the calculation of semester, year, cumulative or graduation GPA.

A Pass grade means that the credits earned will be counted towards the credits required for graduation. A Fail grade means that no credits have been earned and the student will be required to retake the course if the course is compulsory component of the degree programme.

Failure in a credit-bearing non-graded course, similar as a regular graded course, will affect your eligibility for the Dean's Honours List and First Class Honours.

Q5: What should I do if I cannot attend a final examination?

If you are unable to attend the final examination due to illness, please complete Part I of the prescribed "Form of Medical Certificate" and give it to your attending doctor for completion of Part II of the Form on the same day of the examination concerned. The completed Form, together with the original of the sick leave certificate issue by the doctor, should be submitted to the Examinations Office and must reach it within seven calendar days of the examination concerned.

For non-medical reason(s), please write to the Examinations Secretary clearly with supporting documentation within seven calendar days of the examination concerned.

5. Enrichment Programmes

Q1: Can I apply for both HKU Worldwide Exchange Programme and HKU Business School Student Exchange Programme at the same time?

No, you can only apply for either the HKU Worldwide Exchange Programme or the HKU Business School Student Exchange Programme.

Q2: Why can't I be assigned to my first choice of host institution?

For the HKU Business School Student Exchange Programme, the allocation of host institution depends on your academic performance, participation in extra-curricular activities and the reason why you wish to apply for exchange. Students will be allocated to different host institutions subject to the above-mentioned criteria and the number of places available at partner institutions.

Regarding the HKU Worldwide Exchange Programme, students are advised to get in touch with the HKU International Affairs Office on the selection criteria and assessment guidelines.

Q3: Can I apply for credit transfer after the exchange study?

No, application for credit transfer after the exchange study will not normally be entertained. You are required to submit your application on or before the deadline specified in the application guidelines.

Q4: Can I apply for several internship programmes at the same time?

Yes, you can apply for several internship programmes at the same time. However, please note that only applicants who meet the job requirements will have the chance of being nominated to the employers. Please also note that the result on the job offering will solely depend on employers' final decisions.

Once you have accepted the nomination/offer, you are representing the School and hence the way on how to liaise with different companies is deemed crucial. When the case of multiple offers arises, please inform and consult the Career Development and Training Team immediately. Not showing up on the first day of work or reneging an offer at the last minute is not acceptable. The School reserves the right to take disciplinary action if such a complaint is received from hiring partners.

Q5: I am a non-local student. Can I engage in any internship during semester time?

Yes, you can apply for study/curriculum-related internships which are applicable to non-local students of full-time locally-accredited programmes at degree level or above whose study period is not less than one academic year (not applicable to exchange-in students). Total duration of all internships is up to one year, or one-third of the duration of the academic programme, whichever is shorter. It can be part-time or full-time; paid or unpaid.

Students who wish to take up study-related internship should seek prior endorsement from the School and apply to the Immigration Department for a No Objection Letter (NOL). You are not allowed to take up any internship if your study at the University has completed. For details, please refer to the Admissions Office (Student Visa Application) website and the Immigration Department's guidelines:

<https://www.studentvisa.hku.hk/>

<https://www.immd.gov.hk/eng/services/visas/study.html>

Q6: What if the company offers me internship remuneration less than the statutory minimum wage?

Statutory minimum wage does not apply to the following student employees:

- (i) student interns; and
 - (ii) work experience students during a period of exempt student employment.
- (i) A specified student intern is
- a student undergoing a period of work arranged or endorsed by a local education institution specified in Schedule 1 to the Minimum Wage Ordinance, and the work is a compulsory or elective component of the requirements of a full-time accredited programme being provided by the institution to the student; or
 - a student resident in Hong Kong and undergoing a period of work arranged or endorsed by an institution, and the work is a compulsory or elective component of the requirements of a full-time education programme for a non-local academic qualification at degree or higher level being provided by the institution to the student.
- (ii) A work experience student is:
- a student who is enrolled in a full-time accredited programme provided by a local education institution specified in Schedule 1 to the Minimum Wage Ordinance; or
 - a student who is resident in Hong Kong and enrolled in a full-time education programme for a non-local academic qualification at degree or higher level
- and is under the age of 26 years at the beginning of employment. The work experience student may agree with the employer to have a continuous period of up to 59 days as exempt student employment if:
- (a) the student has not commenced another exempt student employment period within the same calendar year (runs from January 1 to December 31) (whether under the employment of the same employer or not); and
 - (b) the student has made a statutory declaration verifying the fact in (a) above and provided the declaration (or copy) to the employer.

6. Other Questions

Q1: What are the consequences of committing student misconduct?

Student misconduct covers acts in academic and behavioural aspects, including plagiarism, cheating and criminal offences. It is important for students to behave properly both within and outside the University. For serious cases of misconduct, the student concerned will be referred to the Vice-Chancellor for referral to the University Disciplinary Committee for disciplinary action. The penalties of students' misconduct include a published reprimand, suspension of study for a period of time and expulsion from the University.

ANNEXES

Annex I**REGULATIONS FOR FIRST DEGREE CURRICULA¹***(See also General Regulations)***UG 1 Definitions:**

For the purpose of regulations and syllabuses for all first degree curricula unless otherwise defined —

An 'academic year' comprises two semesters, the first semester to commence in September and end in December, and the second semester to commence in January and end in May/June, on dates as prescribed by the Senate. It includes, normally at the end of each semester, a period during which candidates are assessed. For some curricula, a 'summer semester' may be organized in addition to the normal two semesters. Clinical curricula have extended semesters.

A 'summer semester' normally comprises seven to eight weeks of intensive timetabled teaching and assessment to commence four weeks after the end of the second semester assessment period, and to conclude about one week before the start of the next academic year.

The 'maximum period of registration' is equivalent to a period which is 150% of the curriculum's normative period of study as specified in the degree regulations, provided that where this results in a residual fraction of an academic year, the fractional period shall be extended to one full academic year.

'Degree curriculum' means the entire study requirements for the award of an undergraduate degree.

'Major programme' means the study requirements, including a capstone experience, for a single major area of disciplinary, interdisciplinary or multidisciplinary study, accumulating not fewer than 72 credits nor more than 96 credits, as prescribed in the syllabuses for a degree curriculum.

'Minor programme' means the study requirements for a single minor area of disciplinary, interdisciplinary or multidisciplinary study, accumulating not fewer than 36 credits nor more than 48 credits, as prescribed in the syllabuses for a degree curriculum.

'Professional core' refers to the study requirements, including a capstone experience, prescribed in the regulations and syllabuses for disciplinary studies in degree curricula which are not structured as major/minor programmes for reasons relating to professional qualification and/or accreditation.

'Course' means a course of study, with a credit value expressed as a number of credit-units as specified in the syllabuses for a degree curriculum.

'Disciplinary elective course' or 'Disciplinary Elective' means any course offered in the same major or minor programme or the professional core which can be taken by candidates to fulfill the curriculum requirements as specified in the syllabuses of the degree curriculum.

'Elective course' or 'Elective' means any course offered within the same or another curriculum, other than compulsory courses in the candidate's degree curriculum, that can be taken by the candidate in order to complete the credit requirements of the degree curriculum.

¹ These regulations are applicable to candidates admitted from 2018-19 onwards. Reference in these regulations to the powers of the Boards of Faculties shall be applicable to Senate Boards of Studies which administer first degree curricula.

‘Capstone experience’ refers to one or more courses within the major programme or professional core which are approved by the Board of the Faculty for the purpose of integrating knowledge and skills acquired, and which are prescribed in the syllabuses of the degree curriculum.

‘Syllabus’ means courses taught by departments, centres, and schools, offered under a degree curriculum.

‘Prerequisite’ means a course or a group of courses which candidates must have completed successfully or a requirement which candidates must have fulfilled before being permitted to take the course in question.

‘Corequisite’ means a course which candidates must take in conjunction with the course in question.

‘Credits’ or ‘credit-units’ means the value assigned to each course to indicate its study load relative to the total study load under a degree curriculum. The study load refers to the hours of student learning activities and experiences, both within and outside the classroom, and includes contact hours and time spent on assessment tasks and examinations. Candidates who satisfactorily complete courses with a credit value earn the credits assigned to these courses.

‘Grade Points’ are standardized measurements of candidates’ academic achievement in courses taken to satisfy the requirements of the degree curriculum and are expressed as a scale prescribed in these regulations.

‘Grade Point Average’ is a numerical measure of a candidate’s academic achievement over a specified period of time. Each course attempted (including each failed course) is assigned a numerical value, with all courses carrying equal weighting. This numerical value is the product of grade points earned for the course and the credit value of that course. The ‘Grade Point Average’ is the sum of these numerical values divided by the total number of credits attempted:

$$GPA = \frac{\sum_i \text{Course Grade Point} \times \text{Course Credit Value}}{\sum_i \text{Course Credit Value}}$$

(where ‘i’ stands for all passed and failed courses taken by the student over a specified period)

‘Semester Grade Point Average’ or ‘Semester GPA’ is the GPA in respect of courses attempted by a candidate (including failed courses) during a given semester.

‘Year Grade Point Average’ or ‘Year GPA’ is the GPA in respect of courses attempted by a candidate (including failed courses) during a given academic year.

‘Cumulative Grade Point Average’ or ‘Cumulative GPA’ is the GPA in respect of courses attempted by a candidate (including failed courses) at the time of calculation.

‘Graduation Grade Point Average’ or ‘Graduation GPA’ is the GPA in respect of courses attempted by a candidate (including failed courses) at the point of graduation. For students in the 2017-18 intake and thereafter who have successfully completed six Common Core courses, the calculation of Graduation GPA is subject to the proviso that either five Common Core courses with the highest grades (covering all four Areas of Inquiry), or all six courses will be counted towards Graduation GPA, depending on which generates the higher Graduation GPA.

‘Assessment’ refers to judgment about the quality and extent to which a student has achieved the stated learning objectives or learning outcomes. It includes all types of assessment activities which allow for such a judgment to be made. For the purpose of interpreting the relevant provisions of the Ordinance and the Statutes and where appropriate, reference to ‘examination’ or ‘examinations’ in the Ordinance and the Statutes shall include and cover all forms of ‘assessment’ and its related processes.

A 'transcript' refers to a transcript of the record of study of a candidate, issued by the Registry of the University.

UG 2 Advanced standing:

Advanced standing may be granted to candidates in recognition of studies completed successfully before admission to the curriculum. Candidates who are awarded Advanced Standing will not be granted any further credit transfer for those studies for which Advanced Standing has been granted. The amount of credits to be granted for advanced standing shall be determined by the Board of the Faculty, in accordance with the following principles:

- (a) at least half the number of credits of the degree curriculum normally required for award of the degree shall be accumulated through study at this University or from transfer of credits for courses completed at other institutions in accordance with Regulation UG 4(d); and
- (b) in accordance with Statute III.5 and notwithstanding the granting of advanced and/or transfer credits, a minimum of two semesters of study at this University shall be required before a candidate is considered for the award of a first degree, other than a degree in medicine or surgery, and a minimum of four semesters of study at this University shall be required before a candidate is considered for a first degree in medicine or surgery.

Credits granted for advanced standing shall not normally be included in the calculation of the GPA unless permitted by the Board of the Faculty but will be recorded on the transcript of the candidate.

UG 3 Period of study:

The period of study of the curriculum shall be specified in the regulations governing the degree. To be eligible for award of the degree, a candidate shall fulfill all curriculum requirements within the maximum period of registration, unless otherwise permitted or required by the Board of the Faculty.

UG 4 Progression in curriculum:

- (a) Candidates shall normally be required to take not fewer than 24 credits nor more than 30 credits in any one semester (except the summer semester) unless otherwise permitted or required by the Board of the Faculty, or except in the last semester of study when the number of outstanding credits required to complete the curriculum requirements is fewer than 24 credits.
- (b) Candidates may, of their own volition, take additional credits not exceeding 6 credits in each semester, and/or further credits during the summer semester, accumulating up to a maximum of 72 credits in one academic year. With the special permission of the Board of the Faculty, candidates may exceed the annual study load of 72 credits in a given academic year provided that the total number of credits taken does not exceed the maximum curriculum study load for the normative period of study specified in the curriculum regulations, save as provided for under UG4(c).
- (c) Where candidates are required to make up for failed credits, the Board of the Faculty may give permission for candidates to exceed the annual study load of 72 credits provided that the total number of credits taken does not exceed the maximum curriculum study load for the maximum period of registration specified in the curriculum regulations.
- (d) Candidates may, with the approval of the Board of the Faculty, transfer credits for courses completed at other institutions at any time during their candidature. The number of transferred credits may be recorded in the transcript of the candidate, but the results of courses completed at other institutions shall not be included in the calculation of the GPA. The number of credits to be transferred shall not exceed half of the total credits normally required under the degree curricula of the candidates during their candidature at the University.

- (e) Unless otherwise permitted by the Board of the Faculty, candidates shall be recommended for discontinuation of their studies if they have:
 - (i) failed to complete successfully 36 or more credits in two consecutive semesters (not including the summer semester), except where they are not required to take such a number of credits in the two given semesters, or
 - (ii) failed to achieve an average Semester GPA of 1.0 or higher for two consecutive semesters (not including the summer semester), or
 - (iii) exceeded the maximum period of registration specified in the regulations of the degree.
-

UG 5 Requirements for graduation:

To be eligible for admission to the degree, candidates shall fulfill the following requirements in addition to the requirements prescribed in the regulations and syllabuses governing the degree curriculum within the maximum period of registration:

- (a) successful completion of 12 credits in English language enhancement, including 6 credits in Core University English² and 6 credits in an English in the Discipline course³;
 - (b) successful completion of 6 credits in Chinese language enhancement⁴;
 - (c) unless otherwise prescribed in the curriculum regulations and syllabuses, successful completion of 36 credits of courses in the Common Core Curriculum, comprising at least one and not more than two courses from each Area of Inquiry with not more than 24 credits of courses being selected within one academic year except where candidates are required to make up for failed credits;
 - (d) successful completion of a capstone experience as specified in the syllabuses of the degree curriculum; and
 - (e) successful completion of any other non-credit bearing courses as required.
-

UG 6 Exemption:

Candidates may be exempted, with or without special conditions attached, from any of the requirements in UG 5 by the Senate in exceptional circumstances. Candidates who are so exempted must replace the number of exempted credits with courses of the same credit value.

² Candidates who have achieved Level 5 or above in English Language in the Hong Kong Diploma of Secondary Education Examination, or equivalent, are exempted from this requirement, and Core University English is optional. Those who do not take this course should take an elective course in lieu, see *Regulation UG6*.

³ (a) To satisfy the English in the Discipline (ED) requirement, candidates who have passed the ED course for a Major but subsequently change that Major are required to pass the ED course for the new Major, or either of the double Majors finally declared upon graduation irrespective of whether the second Major is offered within or outside of the candidates' home Faculty.

(b) Candidates declaring double Majors can, if they fail in the ED course for one of the Majors, either

- (i) re-take and successfully complete that failed ED course, or
- (ii) successfully complete the ED course for the other Major, irrespective of whether the Major is offered within or outside of the candidates' home Faculty.

(c) Candidates who undertake studies in double Majors or dual degrees are not required to take a second ED course but may be advised by the Faculty to do so.

⁴ Candidates who have not studied Chinese language during their secondary education may be exempted from this requirement and should take an elective course in lieu, see *Regulation UG6*.

UG 7 Assessment:

- (a) Candidates shall be assessed for each of the courses for which they have registered, and assessment may be conducted in any combination of continuous assessment of coursework, written examinations and/or any other assessable activities. Only passed courses will earn credits.
- (b) Candidates who are unable, because of illness, to be present at the written examination of any course may apply for permission to present themselves at a supplementary examination of the same course to be held before the beginning of the First Semester of the following academic year. Any such application shall be made on the form prescribed within seven calendar days of the first day of the candidate's absence from any examination. Any supplementary examination shall be part of that academic year's examinations, and the provisions made in the regulations for failure at the first attempt shall apply accordingly.
- (c) Candidates suspended under Statute XXXI shall not be allowed to take, present themselves for, and participate in any assessments during the period of suspension, unless otherwise permitted by the Senate.
- (d) Candidates shall not be permitted to repeat a course for which they have received a D grade or above for the purpose of upgrading.
- (e) Candidates are required to make up for failed courses in the following manner as prescribed in the curriculum regulations:
 - (i) undergoing re-assessment/re-examination in the failed course to be held no later than the end of the following semester (not including the summer semester); or
 - (ii) re-submitting failed coursework, without having to repeat the same course of instruction; or
 - (iii) repeating the failed course by undergoing instruction and satisfying the assessments; or
 - (iv) for elective courses, taking another course *in lieu* and satisfying the assessment requirements.
- (f) There shall be no appeal against the results of examinations and all other forms of assessment.

UG 8 Grading system:

- (a) The grades, their standards and the grade points for assessment shall be as follows⁵:

Grade		Standard	Grade Point
A+	}	Excellent	4.3
A			4.0
A-			3.7
B+	}	Good	3.3
B			3.0
B-			2.7
C+	}	Satisfactory	2.3
C			2.0
C-			1.7
D+	}	Pass	1.3
D			1.0
F		Fail	0

- (b) Special permission may be given by Senate for courses in individual curricula to be graded as 'Pass', 'Fail' or 'Distinction'. Such courses will not be included in the calculation of the GPA.

⁵ UG 8 is not applicable to the respective Professional Core of the BDS and MBBS curricula.

UG 9 Honours classifications:

- (a) Honours classifications shall be awarded in five divisions⁶: First Class Honours, Second Class Honours Division One, Second Class Honours Division Two, Third Class Honours, and Pass. The classification of honours shall be determined by the Board of Examiners for the degree in accordance with the following Graduation GPA scores (GGPA), with all courses taken (including failed courses) carrying weightings which are proportionate to their credit values⁷:

<i>Class of Honours</i>	<i>GGPA Range</i>
First Class Honours	3.60 – 4.30
Second Class Honours	(2.40 – 3.59)
Division One	3.00 – 3.59
Division Two	2.40 – 2.99
Third Class Honours	1.70 – 2.39
Pass	1.00 – 1.69

- (b) Honours classification may not be determined solely on the basis of a candidate's Graduation GPA and the Board of Examiners for the degree may, at its absolute discretion and with justification, award a higher class of honours to a candidate deemed to have demonstrated meritorious academic achievement but whose Graduation GPA falls below the range stipulated in UG9(a) of the higher classification by not more than 0.1 Grade Point.
- (c) A list of candidates who have successfully completed all degree requirements shall be posted on Faculty noticeboards.
-

⁶ UG 9 is not applicable to the BChinMed, BDS and MBBS curricula.

⁷ For students in the 2017-18 intake and thereafter who have successfully completed six Common Core courses, the calculation of Graduation GPA is subject to the proviso that either five Common Core courses with the highest grades (covering all four Areas of Inquiry), or all six courses will be counted towards Graduation GPA, depending on which generates the higher Graduation GPA.

THE UNIVERSITY OF HONG KONG

Code of Academic Conduct

The University of Hong Kong is committed to nurturing a positive, supportive, and respectful learning environment to underpin a productive and generative learning culture. Members of the campus community agree to act in ways that enable everyone to attain their academic and personal aspirations. Students undertake to:

1. Engage in University courses and programmes to the best of their ability while adhering to the highest standards of academic integrity and honesty.
2. Make effective use of the University's support services and resources to facilitate their learning.
3. Respect all members of the University regardless of differences such as race, ethnicity, gender, disability, marital/family status, sexual orientation, and religious belief.
4. Respond empathetically and sensitively to complex social, political and cultural issues and their legacies.
5. Hold themselves accountable for their online and real-life presence through appropriate use of communication technology.
6. Empower all members of the University to express their views in a free, civil and respectful manner, while seeking to develop their leadership skills for the benefit of the wider community.
