## **[Call for Application] TeamWork Global Virtual International Programme (Deadline: 28 Feb)**

Dear Year-2 or above Business School Undergraduate Students,

Are you interested in working with students from top universities around the world and improve your employability skills?

We are now inviting applications for the **TeamWork Global Virtual International Programme 2023**.

### **What is TeamWork?**

TeamWork is a virtual internship programme providing you with valuable international and intercultural experiences. It brings together multi-disciplinary teams of 6-8 students from universities around the world to collaborate on a specific project provided by an organisation.

The programme involves international skills and a virtual internship preparation programme during March and April. You will be assigned to your project and organisation mentor, before beginning the four-week, part-time, virtual team project, from **26<sup>th</sup> June and 21<sup>st</sup> July 2023**.

As well as offering you the flexibility to carry out the internship any time, any place and anywhere – TeamWork provides you with valuable experience in project management, team working and intercultural skills; all of which are in high demand by organisations. TeamWork is also a great way of working directly with an organisation to gain recognised work experience and insight into a particular industry sector.

During the programme, you will have access to a secure easy-to-use virtual platform, enabling you and your team to meet up online, get to know each other, share materials and work together on your project.

Mentoring and guidance are provided both by the organisation and from HKU Business School throughout the programme. Once your project is finished, support continues with an online student conference to celebrate your achievements and access to the TeamWork alumni group, which is fantastic for lifetime connections around the world!

### **Overview:**

- Develop your **international experience** and teamworking skills
- **Career enhancing:** strengthen your CV and employability skills
- **Life changing:** find out more about yourself and your career options
- Gain a **global network** of friends and meet potential employers
- **Experience working globally** without the need for a visa
